(ii)The Supreme Court of India, through a ruling in February 2019, provided guidelines for interpreting the scope of compensation on which the organisation and its employees are to contribute towards Provident Fund. There is significant uncertainty and ambiguity in interpreting and giving effect to the guidelines of Supreme Court. The Company believes that there will be no significant impact on its contributions to Provident Fund due to the Supreme Court Order. The Company will evaluate its position and act as clarity emerges on impact of the ruling.

The amount shown in respect of above items represent the best possible estimates arrived at on basis of availible information. The uncertainities are depedent on the outcome of different legal process. The timing of cash flows will be determinable only on receipt of judgement / decisions pending with variouse forums / authorities.

The Company does not expect any reimbursements in respect of the above contingent liabilities.

2. Capital risk management
(a) The company aim to manage its capital efficiency so as to safequard its ability to continue as going concern and optimise return to our shareholder

The capital structure of the company is based on management judgement of the appropriate balance of key element in order to meet its strategic and day to day needs. We consider the amount of capital in proprtion to risk and manage the capital structure in light of changes in economic conditions and risk charecterstics of the underlying asset. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders, or issue new shares

The company's policy is to maintain a stable and strong capital structure with focus on total equity so as to maintain investor, Creditors and market confidence and to sustain future development and growth of its business. The company will take appropriate steps in order to maintain, or if necessary adjust, Its capital structure

(b) Dividend
The Company has not paid any dividend for the current year as well as previous year.

3. As per second proviso of rule 6 of Companies (Account) Amendment Rule, 2016, the company being- (i) a wholly owned subsidiary of Raymond Limited;, (ii) not listed in India or outside India and (iii) the parent company ('Raymond Limited') files its consolidated financial statements, hence the company has availed the exemption from preparation of consolidated financial statement.

4. COVID-19 Assessment

The ongoing corona pandemic is profoundly impacting people’s health, societies and business operations around the globe. In many countries, including India, there has been severe disruption to regular business operations due to lockdowns, disruptions in transportation, supply chains, travel restrictions, quarantines, social distancing and other emergency measures.

The Company is in the business of manufactures steel files and cutting tool and markets hands tools and power tools and, a key supplier in tools and hardware supply chain market. Files and cutting tools are going to remain key and a top priority going forward as well. The Company’s strong contingency plans are in place to secure operations and supply chain so that files and cutting tool manufacturing production continues,

however considering the logistics challenges and low demand at customers' end during early phases of lockdown, the production was impacted in first two months, however with unlock phase being started, demand will improve in tandem with economic and industrial trends. Further, there are significant geographic, new customer and new proposition opportunities that will continue to drive growth in mid and long term.

The Company has performed a detailed assessment of the situation and believes that no adjustments are required in the financial statements as it does not impact the current financial year; however, in view of the various preventive measures taken (such as complete lock-down restrictions by the Government of India, travel restrictions etc.) and highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve.

5. The Financial Statements were authorised for issue by the directors on June 25, 2020.

Textual information (15): Disclosure of significant accounting policies [Text Block]

Background and Operations

JK Files(India) Limited incorporated in India having registered office at Mumbai and Manufacturing facilities at Ratnagiri, Chiplun, Pithampur and Vapi. The Company is a leading Engineering tools Company.

Significant accounting policies

(a) Basis of preparation of Financial Statements

(i) Compliance with Ind AS
The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statement.

(ii) Historical cost convention
The financial statements have been prepared on a historical cost basis, except for the following:
1)certain financial assets and liabilities (including derivative instruments) is measured at fair value;
2)assets held for sale – measured at lower of book value and fair value less cost to sell.
3)defined benefit plans – plan assets measured at fair value; and

(iii) New and amended standards adopted by the Company
The company has applied the following standards and amendments for the first time for their annual reporting period commencing 1 April 2019:

-Ind AS 116, Leases
-Plan Amendment, Curtailment or Settlement – Amendments to Ind AS 19, Employee Benefits
-Amendment to Ind AS 12, Income Taxes
The company had to change its accounting policies as a result of adopting Ind AS 116. This is disclosed in note 47. The other amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(iv) Current non-current classification
All assets and liabilities have been classified as current or non-current as per the (company's normal operating cycle (twelve months) and other criteria set out in the Schedule III (Division II) to the Act.

(v) Rounding of amounts
All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (Division II), unless otherwise stated.

(b) Use of estimates and judgments
The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.
The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(c) Property, plant and equipment
Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.
Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value
Depreciation on Factory Buildings and Plant and Equipment is provided on a Straight Line Method and in case of other assets on Written Down Value Method, net of their residual values, over the estimated useful lives of assets. Leasehold land is amortised over the period of lease.

Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act, except for plant and machinery, useful life for which is based on an independent technical evaluation has been estimated as 24 years from the date of acquisition (on a single shift basis), which is different from that prescribed in Schedule II of the Act.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(d) Intangible assets

Goodwill generated as part of business combination are not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Computer software
Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Trademarks
Trademarks acquired separately are shown at historical cost. Trademarks acquired in business combination are recognised at fair value at the acquistion date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Amortisation method
The Company amortizes intangible assets with a future useful life using the straight-line method over following period:
- Computer Software : 3 years
- Trademark : 10 years
Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(e) Lease
Till 31st March, 2019
As a lessee
Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

With effect from 1st April, 2019
As a lessee
The Company has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated.

The Company’s lease asset classes primarily consist of leases for Land and Buildings . The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
(i) the contract involves the use of an identified asset
(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
(iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset (“ROU”) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease . They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term . The remeasurement normally also

adjusts the leased assets. Lease liability and ROU asset have been presented separately on the face of the Balance Sheet and lease payments have been classified as financing cash flows.

(f) Cash and Cash Equivalents
For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(g) Inventories
Inventories of Raw Materials, Goods in transit, Work-in-Progress, Stock-in-trade, Stores and spares and Finished Goods are stated 'at cost or net realisable value, whichever is lower'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

(h) Investment in subsidiary
Investment in subsidiary is recognised at cost as per Ind AS -27.

(i) Investments and other financial assets

(i) Classification
The company classifies its financial assets in the following measurement categories:
* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
* those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Measurement
At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:
Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

* Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

* Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

* Fair value through profit and loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

(iii) Impairment of financial assets
The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Income recognition
Interest income
Interest income from debt instruments is recognised using the effective interest rate method.

Dividends
Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

(j) Equity
Preference shares, which are Compulsory Convertible are classified as Equity.

(k) Derivative financial instruments
Derivative financial instruments such as forward currency contracts and option contract, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value

recognised in the Statement of Profit and Loss in the period when they arise.

(l) Borrowings
Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

(m) Borrowing costs
Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to Statement of Profit and Loss.

(n) Provisions, contingent liabilities and contingent assets
Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management’s best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense in Statement of Profit and loss.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

A contingent asset is disclosed in respect of possible asset that may arise from past event and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events.

(o) Revenue recognition

(i) Revenue from Contracts with Customers
Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the acceptance have been satisfied.
The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Other operating revenue - Export incentives -
Export Incentives under the, “Duty Draw back Scheme”, "Merchandise Export from India Scheme" etc. is accounted in the year of export.

(p) Employee benefits

(i) Post-employment obligations

Gratuity obligations
The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in the Statement of Profit and Loss as past service cost.

(ii) Other long-term employee benefit obligations
The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

Defined Contribution Plans
Defined Contribution Plans such as Provident Fund etc., are charged to the Statement of Profit and Loss as incurred.

Termination benefits
Termination benefits are payable when employment is terminated by the company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The company recognises termination benefits at the earlier of the following dates: (a) when the company can no longer withdraw the offer of those benefits; and (b)when the company recognises costs for are structuring that is within the scope of Ind AS37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(q) Foreign currency transactions
Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(r) Income tax
The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related defer income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

(s) Earnings Per Share
Basic earnings per share
Basic earnings per share is calculated by dividing:
- the profit attributable to owners of the company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share
Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:
- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(t) Segment Reporting:
Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

(u) Manufacturing and operating Expenses :
The Company classifies separately manufacturing and operating expenses which are directly linked to manufacturing and service activities of the company.

(v) Impairment of non-financial assets:
Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable

cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(w) Non- current assets held for sale :
Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.
Non-current assets are not depreciated or amortised while they are classified as held for sale.

1(C) Critical estimates and judgements
The preparation of financial statements requires the use of accounting estimates which by definition will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:
- Estimation of Defined benefit obligation
- Inventory write down
- Loss allowance

Background and Operations

JK Files(India) Limited incorporated in India having registered office at Mumbai and Manufacturing facilities at Ratnagiri, Chiplun, Pithampur and Vapi. The Company is a leading Engineering tools Company.

Significant accounting policies

(a) Basis of preparation of Financial Statements

(i) Compliance with Ind AS
The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statement.

(ii) Historical cost convention
The financial statements have been prepared on a historical cost basis, except for the following:
1)certain financial assets and liabilities (including derivative instruments) is measured at fair value;
2)assets held for sale – measured at lower of book value and fair value less cost to sell.
3)defined benefit plans – plan assets measured at fair value; and

(iii) New and amended standards adopted by the Company
The company has applied the following standards and amendments for the first time for their annual reporting period commencing 1 April 2019:

-Ind AS 116, Leases

-Plan Amendment, Curtailment or Settlement – Amendments to Ind AS 19, Employee Benefits
-Amendment to Ind AS 12, Income Taxes
The company had to change its accounting policies as a result of adopting Ind AS 116. This is disclosed in note 47. The other amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(iv) Current non-current classification
All assets and liabilities have been classified as current or non-current as per the (company's normal operating cycle (twelve months) and other criteria set out in the Schedule III (Division II) to the Act.

(v) Rounding of amounts
All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (Division II), unless otherwise stated.

(b) Use of estimates and judgments
The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.
The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(c) Property, plant and equipment
Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.
Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value
Depreciation on Factory Buildings and Plant and Equipment is provided on a Straight Line Method and in case of other assets on Written Down Value Method, net of their residual values, over the estimated useful lives of assets. Leasehold land is amortised over the period of lease. Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act, except for plant and machinery, useful life for which is based on an independent technical evaluation has been estimated as 24 years from the date of acquisition (on a single shift basis), which is different from that prescribed in Schedule II of the Act.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(d) Intangible assets

Goodwill generated as part of business combination are not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Computer software
Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Trademarks
Trademarks acquired separately are shown at historical cost. Trademarks acquired in business combination are recognised at fair value at the acquistion date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Amortisation method
The Company amortizes intangible assets with a future useful life using the straight-line method over following period:
- Computer Software : 3 years
- Trademark : 10 years
Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(e) Lease
Till 31st March, 2019
As a lessee
Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as

operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

With effect from 1st April, 2019
As a lessee
The Company has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated.

The Company's lease asset classes primarily consist of leases for Land and Buildings . The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
(i) the contract involves the use of an identified asset
(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
(iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease . They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term . The remeasurement normally also adjusts the leased assets. Lease liability and ROU asset have been presented separately on the face of the Balance Sheet and lease payments have been classified as financing cash flows.

(f) Cash and Cash Equivalents
For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(g) Inventories
Inventories of Raw Materials, Goods in transit, Work-in-Progress, Stock-in-trade, Stores and spares and Finished Goods are stated 'at cost or net realisable value, whichever is lower'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

(h) Investment in subsidiary
Investment in subsidiary is recognised at cost as per Ind AS -27.

(i) Investments and other financial assets

(i) Classification
The company classifies its financial assets in the following measurement categories:
* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and
* those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Measurement
At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

* Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

* Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

* Fair value through profit and loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

(iii) Impairment of financial assets
The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Income recognition
Interest income
Interest income from debt instruments is recognised using the effective interest rate method.

Dividends
Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established.

(j) Equity
Preference shares, which are Compulsory Convertible are classified as Equity.

(k) Derivative financial instruments
Derivative financial instruments such as forward currency contracts and option contract, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(l) Borrowings
Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

(m) Borrowing costs
Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to Statement of Profit and Loss.

(n) Provisions, contingent liabilities and contingent assets
Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management’s best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense in Statement of Profit and loss.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

A contingent asset is disclosed in respect of possible asset that may arise from past event and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events.

(o) Revenue recognition

(i) Revenue from Contracts with Customers
Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the

acceptance have been satisfied.
The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Other operating revenue - Export incentives -
Export Incentives under the, “Duty Draw back Scheme”, "Merchandise Export from India Scheme" etc. is accounted in the year of export.

(p) Employee benefits

(i) Post-employment obligations

Gratuity obligations
The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in the Statement of Profit and Loss as past service cost.

(ii) Other long-term employee benefit obligations
The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

Defined Contribution Plans
Defined Contribution Plans such as Provident Fund etc., are charged to the Statement of Profit and Loss as incurred.

Termination benefits
Termination benefits are payable when employment is terminated by the company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The company recognises termination benefits at the earlier of the following dates: (a) when the company can no longer withdraw the offer of those benefits; and (b)when the company recognises costs for are structuring that is within the scope of Ind AS37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(q) Foreign currency transactions
Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Changes in accounting policies - Lease Accounting as per IndAS 116

Impact on the financial statements – lessee accounting

As indicated in note 1(B)(a)(iii) Significant accounting policies , the company has adopted Ind AS 116 retrospectively from 1 April 2019, but has not restated comparatives for year ended 31st March 2019, as permitted under the specific transition provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening balance sheet on 1st April 2019. The new accounting policies are disclosed in note 1(B)(a)(e).

On adoption of Ind AS 116, the company recognised lease liabilities in relation to leases which had previously been classified as ‘operating leases’ under the principles of Ind AS 17, Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee’s incremental borrowing rate as of 1st April 2019. The weighted average lessee’s incremental borrowing rate applied to the lease liabilities on 1st April 2019 was 10.90%

On adoption of Ind AS 116, the Company has reclassified leasehold land presented under Property, Plant and Equipment to Right-of-use asset. The remeasurements to the lease liabilities were recognised as adjustments to the related right-of-use assets immediately after the date of initial application.

(i) Practical expedients applied

In applying Ind AS 116 for the first time, the company has used the following practical expedients permitted by the standard:
- applying a single discount rate to a portfolio of leases with reasonably similar characteristics
- relying on previous assessments on whether leases are onerous as an alternative to performing an impairment review there were no onerous contracts as at 1 April 2019
- accounting for operating leases with a remaining lease term of less than 12 months as at 1 April 2019 as short-term leases
- excluding initial direct costs for the measurement of the right-of-use asset at the date of initial application, and
- using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

The company has also elected not to reassess whether a contract is, or contains a lease at the date of initial application. Instead, for contracts entered into before the transition date the company relied on its assessment made applying Ind AS 17 and Appendix C to Ind AS 17, Determining whether an Arrangement contains a Lease.

(ii) Measurement of lease liabilities

	Rs. in Lakhs
Operating lease commitments disclosed as at 31st March 2019	-
Add: adjustments as a result of a different treatment of extension and termination options	1,552.76

Of which are:	
Current lease liabilities	71.83
Non-current lease liabilities	1,480.93
	1,552.76

(iii) Measurement of right-of-use assets
The associated right-of-use assets for property leases were measured on a retrospective basis as if the new rules had always been applied.

(iv) Adjustments recognised in the balance sheet on 1 April 2019

Particulars	Increase/ (Decrease)	Amount Rs. in Lakhs

Financial risk management objectives

The Company financial risk management is an integral part of how to plan and execute its business strategies. The Companys financial risk management policy is set by the Managing Board.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates,equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits , foreign currency receivables, payables and loans and borrowings.

The Company manages market risk through a treasury departments, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommend risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

Market Risk- Interest rate risk
Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

According to the Company interest rate risk exposure is only for floating rate borrowings. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 50 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management’s assessment of the reasonably possible change in interest rates.

a) Exposure to interest rate risk

Particulars	As at 31st March, 2020	As at 31st March, 2019
Total borrowings	3,843 .92	5,827.24
% of Borrowings bearing variable rate of interest	100%	41%

b) Interest rate sensitivity
A change of 50 bps in interest rates would have following Impact on profit before tax

	2019-2020	2018-2019
50 bp increase would decrease the profit before tax by	24.18	14.73
50 bp decrease would Increase the profit before tax by	(24.18)	(14.73)

b) Market risk - Foreign Currency risk
The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by Forward Contracts, purchasing of goods, commodities and services in the respective currencies.

Derivative instrument and unhedged foreign currency exposure.
Foreign Currency Risk Sensitivity

A change of 1% in foreign currency would have following impact on profit before tax

	2019-20	2019-20	2018-19	2018-19
	1% Increase	1% Decrease	1% Increase	1% Decrease
USD	39.38	(39.38)	28.12	(28.12)
EURO	14.77	(14.77)	8.10	(8.10)
GBP	0.05	(0.05)	0.10	(0.10)
Increase/Decrease in Profit or Loss	54.20	(54.20)	36.32	(36.32)

B) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

i) Actual or expected significant adverse changes in business,
ii) Actual or expected significant changes in the operating results of the counterparty,
iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations,
iv) Significant increase in credit risk on other financial instruments of the same counterparty,
v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 2 years past due. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

The Company measures the expected credit loss of trade receivables and loan from individual customers based on historical trend, industry practices and the business environment in which the entity operates. Loss rates are based on actual credit loss experience and past trends. Based on the historical data, loss on collection of receivable is not material hence no additional provision considered.

i) Ageing of Account receivables

Note 37: Fair Value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:
1. Fair value of trade receivables, cash and cash equivalent, other current financial asset, short term borrowing, trade payable and other current financial liabilities approximate their carrying amounts largely due to short term maturities of these instruments.

2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.
Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.
Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

(o) Revenue recognition

(i) Revenue from Contracts with Customers
Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the acceptance have been satisfied.
The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Other operating revenue - Export incentives -
Export Incentives under the, “Duty Draw back Scheme”, "Merchandise Export from India Scheme" etc. is accounted in the year of export.

F. Actuarial assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

Financial Assumptions	As at 31st March, 2020	As at 31st March, 2019
Discount rate	6.84%	7.54%
Salary Escalation Rate	4%~6%	7.50%
Atrrition rate	2.00%	2.00%

Demographic Assumptions

Mortality in Service : Indian Assured Lives Mortality (2006-08) Ultimate table

Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

		As at 31st March, 2020	As at 31st March, 2020
	Change in assumption	Increase in assumption having an impact on present value of plan liability	Decrease in assumption having an impact on present value of plan liability
Discount rate	1%	(124.78)	140.01
Salary Escalation Rate	1%	138.54	(108.57)
Attrition rate	1%	(1.41)	1.86

	As at 31st March, 2019	As at 31st March, 2019
	Increase in assumption having an impact on present value of plan liability	Decrease in assumption having an impact on present value of plan liability
Discount rate	(111.94)	125.38
Salary Escalation Rate	122.60	(111.55)
Attrition rate	(0.34)	0.28

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous year.

H. The defined benefit obligations shall mature after year end 31st March, 2020 as follows:

	Defined benefit obligation	Defined benefit obligation
Gratuity :	As at 31st March, 2020 Rs. in Lakhs	As at 31st March, 2019 Rs. in Lakhs
2020	-	208.67
2021	115.11	103.97
2022	74.42	155.81
2023	177.76	204.85
2024	211.23	226.49
2025	205.68	1,210.07
Thereafter	2,641.75	1,349.25

Risk Exposure - Asset Volatility

The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan asset underperform this yield, this will create a deficit. Most of the plan asset investments is in fixed income securities. These are subject to interest rate risk and the fund manages interest rate risk derivatives to minimize risk to an acceptable level. A portion of the funds are invested in equity securities and in alternatives investments % which have low correlation with equity securities. The equity securities are expected to earn a return in excess of the discount rate and contribute to the plan deficit.

(ii) Defined contribution plans :
The Company also has certain defined contribution plans. Contributions are made to provident fund, employess state insurance scheme etc in India for employees .The contributions are made to registered fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is Rs. 344.88 lakhs (31st March, 2019 - Rs. 305.78 lakhs).

(iii) Compensated absences:
The leave obligations cover the Company’s liability for sick and earned leave.
The amount of the provision of Rs 315.01lakhs (31st March, 2019 – Rs. 303.67 lakhs) is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations.

Independent auditor’s report
To the Members of JK Files (India) Limited
Report on the audit of the financial statements

Opinion

1. We have audited the accompanying financial statements of JK Files (India) Limited (“the Company”), which comprise the balance sheet as at March 31, 2020, and the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (“the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw your attention to Note 48 to the financial statements, which describes the management’s assessment of the impact of the outbreak of Coronavirus (Covid-19) on the business operations of the Company. The management believes that no adjustments are required in the financial statements as it does not impact the current financial year, however, in view of the various preventive measures taken (such as complete lock-down restrictions by the Government of India, travel restrictions etc.) and highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in respect of this matter.

Other Information
5. The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor’s report thereon.
Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.
We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

6. The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

7. In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s responsibilities for the audit of the financial statements

8. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
• Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
• Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
• Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
• Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

10. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
Report on other legal and regulatory requirements

12. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

13. As required by Section 143(3) of the Act, we report that:
a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act.
e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.
f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 35 to the financial statements;
ii. The Company has long-term contracts including derivative contracts as at March 31, 2020 for which there were no material foreseeable losses;
iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2020.
iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2020.

14. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of JK Files (India) Limited (“the Company”) as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

2. The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements

and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

To,
The Members of JK FILES (INDIA) LIMITED

Your Directors present their Twenty Third Annual Report on the business and Operations of the Company together with the Audited Financial Statements for the Financial Year ended March 31, 2020.

1. COVID-19 and its impact:
Your Company is in the business of manufacturing steel files and cutting tool and markets hands tools and power tools and, a key supplier in tools and hardware supply chain market. Files and cutting tools are going to remain key and a top priority going forward as well. Your Company's

strong contingency plans are in place to secure operations and supply chain so that files and cutting tool manufacturing production continues, however considering the logistics challenges and low demand at customers' end during early phases of lockdown, the production was impacted in first two months, however with unlock phase being started, demand will improve in tandem with economic and industrial trends. Further, there are significant geographic, new customer and new proposition opportunities that will continue to drive growth in mid and long term.

The management has performed a detailed assessment of the situation and believes that no adjustments are required in the financial statements as it does not impact the current financial year; however, in view of the various preventive measures taken (such as complete lock-down restrictions by the Government of India, travel restrictions etc.) and highly uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve.

2. CONSOLIDATED ACCOUNTS

In accordance with Rule 6 of Companies (Accounts) Rules, 2014, your Company is not required to consolidate the Financial Statement with its subsidiary since the Company is an intermediate wholly owned subsidiary of Raymond Limited.

3. AUDITORS

Dear Members,
We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by JK FILES (INDIA) LIMITED (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended March 31, 2020, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2020 according to the provisions of:

1. The Companies Act, 2013 (the Act) and the rules made there under;
2. The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made there under: NA;
3. The Depositories Act, 1996 and the Regulations and bye-laws framed there under;
4. The provisions of Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowings: NA;
5. Provisions of Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’) were not applicable to the Company during the Audit Period.
We have relied on the representations made by the Company and its Officers for systems and mechanism formed by the Company for compliances under other applicable Acts, Laws and Regulations to the Company.

We further state that, having regard to the Compliance system prevailing in the Company and based on test check basis and based on the

representations made by the Company, the Company has complied with the following laws Applicable specifically to the Company:
