(A)

Acquisition of subsidiaries

On October 31, 2021, Raymond Limited, the holding Company of JK Files & Engineering Limited (Formerly known as JK Files (India) Limited) transferred by way of delivery, 100% equity share capital of Scissors Engineering Products Limited ('SEPL') to JK Files & Engineering Limited at Nil consideration. Accordingly, effective October 31, 2021, SEPL has become a wholly owned subsidiary of JK Files & Engineering Limited.

The aforesaid transaction has been accounted at predecessor's cost i.e. investment cost of Raymond Limited in SEPL as per the accounting policy choice taken by the Company by applying the Ind AS 8- 'Accounting Policies, Change in Accounting Estimates and Errors' with a corresponding credit to the other equity as capital contribution by parent (capital reserve).

Subsequently, SEPL transferred by way of delivery, 89.07% of equity share capital of Ring Plus Aqua Limited ('RPAL'), the then subsidiary of SEPL, at Nil consideration to JK Files & Engineering Limited. Accordingly, effective November 11, 2021, RPAL has become a direct subsidiary of JK Files & Engineering Limited.

The aforesaid transaction has been accounted by reallocation of investment cost referred above in SEPL to investment in RPAL on the basis of relative values of SEPL and RPAL considering aforesaid transaction being return of SEPL's capital to the Company.

Note-39 Capital risk management

(a) The Company aim to manage its capital efficiency so as to safequard its ability to continue as going concern and optimise return to our shareholder

'The capital structure of the Company is based on management judgement of the appropriate balance of key element in order to meet its strategic and day to day needs. The mangement considers the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and risk characteristics of the underlying asset. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders, or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with focus on total equity so as to maintain stakeholder confidence and to sustain future development and growth of its business. The Company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Company's management monitors the return on capital as well as the level of dividends to shareholders.

The Company monitors the gearing ratio to evaluate debt leveraging and to ensure debts are maintained at the acceptable level.

The Gearing ratio were as follows

	As at March 31 2022	As at March 31 2021
Net Debt*	2148.88	2511.42
Total Equity	12829.30	8560.76
Net Debt to total equity	16.75%	29.34%

* Includes borrowings, lease liabilities, interest accrued thereon which is compensated by cash and cash equivalents.

(b) Dividend

The Company has declared interim dividend for the financial year 2021-22 of Rs. 4 each (face value Rs. 2 per share) amounting to Rs. 2,097.76 lakhs which was approved by the Board of Directors of Company in its meeting held on October 25, 2021.

Note 40: Redemption Of 9% Non-Cumulative Convertible Preference Shares (“9% NCCPS”)

Pursuant to the approval of the Board of Directors in their meeting held on September 27, 2021, the Company exercised its option to redeem NCCPS on October 06, 2021.

Note 43: Segment Information

In accordance with Accounting Standard Ind AS 108 ‘Operating Segment‘, segment information has been given in the consolidated financial statements of JK Files & Engineering Limited, and therefore, no separate disclosure on segment information is given in these standalone financial statements.

Note 44: Analytical Ratios

Sr No.	Ratio	Numerator	Denominator	March 2022	March 2021	Variance
(a)	Current Ratio	Current Assets	Current Liabilities	1.48	1.25	18.59%
(b)	Debt-Equity Ratio	Total Debt	Shareholders' Equity	0.19	0.34	-44.79%
(c)	Debt Service Coverage Ratio	Earning for Debt Service	Debt Service	16.19	8.31	94.82%
(d)	Return on Equity Ratio	Net Profits after taxes-Preference Dividend	Average shareholder's Equity	0.55	0.33	65.96%
(e)	Inventory Turnover Ratio	Cost of Goods Sold	Average Inventory	3.82	3.07	24.62%
(f)	Trade Receivable Turnover Ratio	Net Sales excluding export incentive	Average Trade Receivable	18.65	9.26	101.47%
(g)	Trade Payable Ratio	Net Purchases	Average Trade Payables	9.75	5.75	69.38%
(h)	Net Capital turnover Ratio	Net sales	Average Working Capital	10.03	11.38	-11.86%
(i)	Net Profit Ratio	Net Profit	Net sales	0.12	0.07	65.96%
(j)	Return on Capital Employed	Earning before interest and taxes	Capital Employed	0.53	0.32	64.52%
(k)	Return on investment	Earning before interest and taxes	Closing total assets	0.32	0.16	97.72%

Reasons for variance of more than 25% in above ratios :

Sr No.	Ratio	Reasons for the Variances
(a)	Debt-Equity Ratio	This ratio has improved due to repayment of short term debt & increase in internal accruals due to better market demand in Domestic & Export market resulting in increase in profit for the current year.
(b)	Debt Service Coverage Ratio	This ratio has improved due to reduction of the debt & increase in internal accruals due to better market demand in domestic & export market resulting in increase in profit for the current year.
(c)	Return on Equity Ratio	This ratio has improved due better market demand in domestic & export market resulting in increase in profit for the current year.

(d)	Inventory Turnover Ratio	This ratio has increased due to more inventory produced to cater the market demand & better scales of operation over previous year.
(e)	Trade Receivable Turnover Ratio	This ratio has increased due to increase in sales and reduction in average receivables due to reduced credit period majorly in domestic market.
(f)	Trade Payable Ratio	This ratio has increased mainly due to increase in purchases, and decrease in trade payables due to generation of higher operating cash flows as a result of increase in revenue from operations.
(g)	Net Profit Ratio	This ratio has improved due to better demand in domestic & export market leading to higher revenue & profits.
(h)	Return on Capital Employed	This ratio has improved due to better demand in domestic & export market leading to higher revenue & better management of capital employed.
(i)	Return on investment	This ratio has improved due to better demand in domestic & export market leading to higher revenue & better management of total assets employed.

Note 45: Name change

The Board of Directors of the parent Company in their meeting held on September 27, 2021 has approved the change in the name of the parent Company from JK Files (India) Limited to JK Files & Engineering Limited as approved by Ministry of Company Affairs, effective from 10th November, 2021.

Note 46: Sub-division of equity shares

The Board of Directors of the Company in its meeting held on September 27, 2021 have approved sub-division of existing authorised share capital of the Company from Rs. 1,700 lakhs consisting of 17,000,000 equity shares of face value of INR 10 each to 85,000,000 equity shares of face value of INR 2 each and sub-division of existing issued, subscribed and paid up equity share capital of the Company from Rs. 874.07 lakhs consisting of 8,740,658 equity shares of face value of Rs. 10 each to 43,703,290 equity shares of face value of Rs. 2 each. This has been approved by the shareholders in their extra-ordinary general meeting held on October 28, 2021.

Note 47: Bonus issue of equity shares

The Board of Directors of the Company in its meeting held on September 27, 2021 have approved issuance of bonus shares in the ratio of 1:5 to existing equity shareholders by capitalising a sum of Rs. 174.81 lakhs out of the reserves of the Company, pursuant to which issued, subscribed and paid-up equity share capital of the Company stands increased from Rs. 874.07 lakhs consisting of 43,703,290 equity shares of face value of INR 2 each to Rs. 1,048.88 lakhs consisting of 52,443,948 equity shares of face value of INR 2 each. This has been approved by the shareholders in their extra-ordinary general meeting held on October 28, 2021.

Note 48: Acquisition of subsidiaries

On October 31, 2021, Raymond Limited, the holding Company of JK Files & Engineering Limited (Formerly known as JK Files (India) Limited) transferred by way of delivery, 100% equity share capital of Scissors Engineering Products Limited ('SEPL') to JK Files & Engineering Limited at Nil consideration. Accordingly, effective October 31, 2021, SEPL has become a wholly owned subsidiary of JK Files & Engineering Limited.

The aforesaid transaction has been accounted at predecessor's cost i.e. investment cost of Raymond Limited in SEPL as per the accounting policy choice taken by the Company by applying the Ind AS 8- 'Accounting Policies, Change in Accounting Estimates and Errors' with a corresponding credit to the other equity as capital contribution by parent (capital reserve).

Subsequently, SEPL transferred by way of delivery, 89.07% of equity share capital of Ring Plus Aqua Limited (‘RPAL’), the then subsidiary of SEPL, at Nil consideration to JK Files & Engineering Limited. Accordingly, effective November 11, 2021, RPAL has become a direct subsidiary of JK Files & Engineering Limited.

The aforesaid transaction has been accounted by reallocation of investment cost referred above in SEPL to investment in RPAL on the basis of relative values of SEPL and RPAL considering aforesaid transaction being return of SEPL’s capital to the Company.

Note 49: Additional regulatory information required by Schedule III

(i) Details of benami property held

No proceedings have been initiated on or are pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

(ii) Valuation of Property Plant & Equipment, intangible asset and investment property

The Company has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both during the current or previous year.

Note-40 Capital risk management

(a) The company aim to manage its capital efficiency so as to safequard its ability to continue as going concern and optimise return to our shareholder

The capital structure of the company is based on management judgement of the appropriate balance of key element in order to meet its strategic and day to day needs. We consider the amount of capital in proprtion to risk and manage the capital structure in light of changes in economic conditions and risk charecterstics of the underlying asset. In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders, or issue new shares.

The company's policy is to maintain a stable and strong capital structure with focus on total equity so as to maintain investor, Creditors and market confidence and to sustain future development and growth of its business. The company will take appropriate steps in order to maintain, or if necessary adjust, its capital structure.

(b) Dividend

The Company has not paid any dividend for the current year as well as previous year.

COVID-19 Assessment

The ongoing corona pandemic is profoundly impacting peoples health, societies and business operations around the globe. In many countries, including India, there has been severe disruption to regular business operations due to lockdowns, disruptions in transportation, supply chains, travel restrictions, quarantines, social distancing and other emergency measures.

The Company is in the business of manufactures steel files and cutting tool and markets hands tools and power tools and, a key supplier in tools and hardware supply chain market. Files and cutting tools are going to remain key and a top priority going forward as well. The Companys strong contingency plans are in place to secure operations and supply chain so that files and cutting tool manufacturing production continues. Further, there are significant geographic, new customer and new proposition opportunities that will continue to drive growth in mid and long term.

The Company has made detailed assessments of the recoverability and carrying values of its assets comprising property, plant and equipment, inventories, receivables and other current assets as at the balance sheet date and on the basis of evaluation, has concluded that no significant impact on its financial statement as at 31st March, 2021. The Company is of the view that considering the nature of its business operations, existing customer and supplier relationships and its market position, impact on its business operations, if any, arising from COVID -19 pandemic is not expected to be significant. However, the Company will continue to monitor any material changes to future economic conditions.

The Financial Statements were authorised for issue by the directors on May 3 , 2021.

Textual information (20): Disclosure of significant accounting policies [Text Block]

Notes to the Standalone financial statements for the year ended 31st March, 2022

1 A. Corporate Information

JK Files & Engineering Limited (formerly known as JK Files (India) Limited) (“the Company”) is a public Company limited by shares and domiciled in India. The Company deals in tools and hardware products. The Company have manufacturing facilities at Chiplun, Ratnagiri, Pithampur, and Vapi. The Registered office of the Company is situated at New Hind House, Narottam Morarjee Marg, Ballard Estate, Mumbai - 400 001.

This Standalone Financial Statements were authorised for issues in accordance with a resolution of the Board of Directors on May 14, 2022.

1 B. Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of the standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Compliance with Ind AS

The Standalone financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following:

1)certain financial assets and liabilities (including derivative instruments) is measured at fair value;

2)assets held for sale – measured at lower of book value and fair value less cost to sell.

3)defined benefit plans – plan assets measured at fair value; and

(iii) New and amended standards adopted by the Company

The Company has applied the following amendments to Ind AS for the first time for their annual reporting period commencing 1 April 2021:
• Extension of COVID-19 related concessions – amendments to Ind AS 116
• Interest rate benchmark reform – amendments to Ind AS 109, Financial Instruments, Ind AS 107, Financial Instruments: Disclosures, Ind AS 104, Insurance Contracts and Ind AS 116, Leases.
The amendments listed above did not have any impact on the amounts recognised in current or prior period and are not expected to significantly affect the future period.

(iv) New amendments issued but not effective

The Ministry of Corporate Affairs has vide notification dated 23 March 2022 notified Companies (Indian Accounting Standards) Amendment Rules, 2022 which amends certain accounting standards, and are effective 1 April 2022. These amendments are not expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

(v) Reclassifications consequent to amendments to Schedule III
The Ministry of Corporate Affairs amended the Schedule III to the Companies Act, 2013 on 24 March 2021 to increase the transparency and provide additional disclosures to users of financial statements. These amendments are effective from 1 April 2021.

Consequent to above, the Company has changed the classification/presentation of security deposits in the current year.

Security deposits (which meet the definition of a financial asset as per Ind AS 32) have been included in 'other financial assets' line item. Previously, these deposits were included in 'loans' line item.

The Company has reclassified comparative amounts to conform with current year presentation as per the requirements of Ind AS 1. The impact of such classifications is summarised below:

Balance Sheet (Extract)	31st March 2021 (as previously reported)	Increase / (decrease)	31st March 2021 (restated)
Loans (Non Current)	146.82	(146.82)	-
Other Financial Assets (Non current)	0.50	146.82	147.32
Loans (current)	2900.25	(0.25)	2900.00
Other Financial Assets (current)	41.26	0.25	41.51

(vi) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III (Division II) to the Act.

(vii) Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (Division II), unless otherwise stated.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the standalone financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the year in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(c) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income / other expenses. On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation on Factory Buildings and Plant and Equipment is provided on a Straight Line Method and in case of other assets on Written Down Value Method, net of their residual values, over the estimated useful lives of assets. Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The Company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act, except for plant and machinery, useful life for which based on an independent technical evaluation has been estimated as 24 years from the date of acquisition (on a single shift basis), which is different from that prescribed in Schedule II of the Act.

The estimated useful lives of the property, plant and equipment are:

[See Table (1)]

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(d) Intangible assets

Goodwill generated as part of business combination are not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

Computer software

Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Trademarks

Trademarks acquired separately are shown at historical cost. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Amortisation method

The Company amortizes intangible assets with a future useful life using the straight-line method over following period:

[See Table (2)]

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income / other expenses.

(e) Lease

As a lessee

Leases are recognised as a right-of-use asset (“ROU”) and a corresponding lease liability at the date at which leased asset is available for use by the Company for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term leases and leases of low value assets, the Company recognises the lease payments as an expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and restoration costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Table (1)

Class of Asset	Useful life
Buildings	60 years

Plant and Machinery	24 years
Furniture and Fixtures	10 years
Vehicles	5-8 years
Office Equipment	5 years
Computers	3 years

Table (2)

Class of Asset	Useful life
Computer Software	3 years
Trademark	10 years

The lease liability is initially measured at the present value of the future lease payments which includes principal and finance cost component. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

To determine the incremental borrowing rate, the Company's where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each year.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in the Statement of Profit and Loss.

(f) Cash and Cash Equivalents

For the purpose of presentation in the Standalone Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and certain cash credit facilities that form an integral part of the Company's cash management.

(g) Inventories

Inventories of raw materials, stock in trade, stores and spares, work-in-progress, and finished goods are stated at cost or net realisable value, whichever is lower'. Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Cost formula used is 'Weighted Average cost'. Slow-moving, non-moving and defective inventories are identified and wherever necessary, provision is made for such inventories considering various factors such as likely usage, obsolescence etc. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(h) Investment in subsidiaries

Investment in subsidiaries is recognised at cost as per Ind AS -27.

(i) Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

(j) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the reporting period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(k) Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and

* those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Recognition
Financial assets are initially recognised when the Company becomes party to the contractual provisions of the instrument.

(iii) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the profit or loss are expensed in profit or loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company measures its debt instruments in following categories:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included within other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / other expenses. Impairment losses are presented as separate line item in the statement of profit and loss.

Fair value through profit and loss: Assets that do not meet the criteria for amortised cost are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net with other income / other expenses in the year in which it arises.

(iv) Impairment of financial assets

The Company assesse on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables. Note 38 details how the Company determines whether there has been a significant increase in credit risk.

(v) Derecognition of financial assets

A financial asset is derecognised only when:
• the Company has transferred the rights to receive cash flows from the financial asset or
• retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(vi) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Dividends

Dividends are received from financial assets at fair value through profit or loss and at FVOCI. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

(l) Contributed Equity

Equity shares are classified as equity. Convertible instruments such as preference shares that will be or are expected to be settled in the Company's own equity instruments are classified as equity if they are expected to be settled into a fixed number of equity shares.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(m) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(n) Derivative financial instruments

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as 'held for trading' for accounting purposes and are accounted for at FVPL. They are presented as current assets or liabilities to the extent they are expected to be settled within 12 months after the end of the reporting period.
Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

(o) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the profit or loss over the year of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the year of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income / other expenses.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(q) Borrowing costs

Interest and other borrowing costs attributable to the acquisition, construction or production of a qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other interest and borrowing costs are charged to profit or loss.

(r) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management’s best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense in profit or loss.

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Material contingent liabilities are disclosed in standalone financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in standalone financial statements unless it is virtually certain that the future event will confirm the asset’s existence and the asset will be realised.

(s) Revenue from contracts with customers

(i) Sale of Goods

Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the acceptance have been satisfied.

The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Sales of Services
Revenue from sale of services is recognised in the accounting year in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided.
Cash received before the goods and services are delivered is recognised as a contract liability.

(iii) Financing Components
The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

(t) Employee benefits

(i) Short-term Employee Benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Defined Contribution Plans

The Company pays provident fund contributions etc. to publicly administered provident and other funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are incurred.

(iii) Post-employment obligations

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in the Profit or Loss as past service cost.

(iv) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the year in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(v) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b)when the Company recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(u) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates (‘the functional currency’). The Standalone Financial Statements are presented in Indian rupee (INR), which is JK Files & Engineering Limited's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the respective transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in profit or loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in profit or loss.

(v) Income tax

The income tax expense or credit for the year is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the country where the Company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the standalone financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related defer income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiary, where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit or Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

(w) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:
- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(x) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the Managing Director .

The board of directors of Company has appointed a Managing Director who assesses the financial performance and position of the Company, and makes strategic decisions.

(y) Impairment of non-financial assets:

Goodwill is not subject to amortisation and is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

(z) Non- current assets (or disposal groups) held for sale :

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (or disposal groups) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

(aa) Exceptional Item:

Exceptional item is an item of income or expense within the Statement of Profit and Loss, which is of such size, nature and incidence that its disclosure is relevant to explain the performance of the Company for the year. The nature and amount of such item is disclosed separately in the Statement of Profit and Loss.

(ab) Government Grants:

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

(ac) Business Combinations:

The acquisition method of accounting is used to account for all business combinations (other than common control business combinations), regardless of whether equity instruments or other assets are acquired. The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another. The excess of the consideration transferred over the fair value of the net identifiable assets acquired is recorded as goodwill. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognised in shareholder’s equity.

1(C) Critical estimates and judgements

The preparation of Standalone Financial Statements requires the use of accounting estimates which by definition will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial statement .

The areas involving critical estimates are:

- Estimation of Defined benefit obligation - Measurement of defined benefit obligation and related plans require numerous assumptions and estimates that can have a significant impact on the recognized costs and obligation, such as future salary level, discount rate, attrition rate and mortality. (Refer Note 30)
- Inventory write down - Inventory write downs are assessed based on slow-moving, non-moving and defective inventories considering various factors such as likely usage, obsolescence etc. (Refer Note 8)

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Textual information (21): Disclosure of significant accounting policies [Text Block]

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES:

A. Background and Operations

JK Files(India) Limited incorporated in India having registered office at Mumbai and Manufacturing facilities at Ratnagiri, Chiplun, Pithampur and Vapi. The Company is a leading Engineering tools Company.

B. Significant accounting policies

(a) Basis of preparation of Financial Statements

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statement.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

1)certain financial assets and liabilities (including derivative instruments) is measured at fair value;

2)assets held for sale measured at lower of book value and fair value less cost to sell.

3)defined benefit plans plan assets measured at fair value; and

(iii) New and amended standards adopted by the Company
The Company has applied the following amendments to Ind AS for the first time for their annual reporting period commencing 1 April 2020:
- Definition of Material amendments to Ind AS 1 and Ind AS 8
- COVID-19 related concessions amendments to Ind AS 116

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(iv) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the (companys normal operating cycle (twelve months) and other criteria set out in the Schedule III (Division II) to the Act.

(v) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (Division II), unless otherwise stated.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(c) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation on Factory Buildings and Plant and Equipment is provided on a Straight Line Method and in case of other assets on Written Down Value Method, net of their residual values, over the estimated useful lives of assets. Leasehold land is amortised over the period of lease. Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act, except for plant and machinery, useful life for which is based on an independent technical evaluation has been estimated as 24 years from the date of acquisition (on a single shift basis), which is different from that prescribed in Schedule II of the Act.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(d) Intangible assets

Goodwill generated as part of business combination are not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Computer software

Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Trademarks

Trademarks acquired separately are shown at historical cost. Trademarks acquired in business combination are recognised at fair value at the acquistion date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Amortisation method

The Company amortizes intangible assets with a future useful life using the straight-line method over following period:
- Computer Software : 3 years
- Trademark : 10 years

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(e) Lease

As a lessee

The Company has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated.

The Companys lease asset classes primarily consist of leases for Land and Buildings . The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
(i) the contract involves the use of an identified asset
(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
(iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease . They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term . The remeasurement normally also adjusts the leased assets. Lease liability and ROU asset have been presented separately on the face of the Balance Sheet and lease payments have been classified as financing cash flows.

(f) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(g) Inventories

Inventories of Raw Materials, Goods in transit, Work-in-Progress, Stock-in-trade, Stores and spares and Finished Goods are stated 'at cost or net realisable value, whichever is lower'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

(h) Investment in subsidiary

Investment in subsidiary is recognised at cost as per Ind AS -27.

(i) Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and

* those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

* Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

* Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

* Fair value through profit and loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method.

(j) Equity

Preference shares, which are Compulsory Convertible are classified as Equity.

(k) Derivative financial instruments

Derivative financial instruments such as forward currency contracts and option contract, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(l) Borrowings

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

(m) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to Statement of Profit and Loss.

(n) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of managements best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense in Statement of Profit and loss.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

A contingent asset is disclosed in respect of possible asset that may arise from past event and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events.

(o) Revenue recognition

(i) Revenue from Contracts with Customers

Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the acceptance have been satisfied.

The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Other operating revenue - Export incentives -

Export Incentives under the, Duty Draw back Scheme, "Merchandise Export from India Scheme" etc. is accounted in the year of export.

(p) Employee benefits

(i) Post-employment obligations

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in the Statement of Profit and Loss as past service cost.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

Defined Contribution Plans

Defined Contribution Plans such as Provident Fund etc., are charged to the Statement of Profit and Loss as incurred.

Termination benefits

Termination benefits are payable when employment is terminated by the company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The company recognises termination benefits at the earlier of the following dates: (a) when the company can no longer withdraw the offer of those benefits; and (b)when the company recognises costs for are structuring that is within the scope of Ind AS37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(q) Foreign currency transactions

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(r) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the country where the Company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related defer income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

(s) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:
- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(t) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

(u) Manufacturing and operating Expenses :

The Company classifies separately manufacturing and operating expenses which are directly linked to manufacturing and service activities of the company.

(v) Impairment of non-financial assets:

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(w) Non- current assets held for sale :

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement. Non-current assets are not depreciated or amortised while they are classified as held for sale.

1(C) Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which by definition will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:

- Estimation of Defined benefit obligation (Refer Note 31).
- Inventory write down (Refer Note 8).
- Loss allowance (Refer Note 9).

Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statement.

Textual information (25): Disclosure of significant accounting policies [Text Block]

Notes to the Standalone financial statements for the year ended 31st March, 2022

1 A. Corporate Information

JK Files & Engineering Limited (formerly known as JK Files (India) Limited) (“the Company”) is a public Company limited by shares and domiciled in India. The Company deals in tools and hardware products. The Company have manufacturing facilities at Chiplun, Ratnagiri, Pithampur, and Vapi. The Registered office of the Company is situated at New Hind House, Narottam Morarjee Marg, Ballard Estate, Mumbai - 400 001.

This Standalone Financial Statements were authorised for issues in accordance with a resolution of the Board of Directors on May 14, 2022.

1 B. Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of the standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

(i) Compliance with Ind AS

The Standalone financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Historical cost convention

The standalone financial statements have been prepared on a historical cost basis, except for the following:

1)certain financial assets and liabilities (including derivative instruments) is measured at fair value;

2)assets held for sale – measured at lower of book value and fair value less cost to sell.

3)defined benefit plans – plan assets measured at fair value; and

(iii) New and amended standards adopted by the Company

The Company has applied the following amendments to Ind AS for the first time for their annual reporting period commencing 1 April 2021:
• Extension of COVID-19 related concessions – amendments to Ind AS 116
• Interest rate benchmark reform – amendments to Ind AS 109, Financial Instruments, Ind AS 107, Financial Instruments: Disclosures, Ind AS 104, Insurance Contracts and Ind AS 116, Leases.
The amendments listed above did not have any impact on the amounts recognised in current or prior period and are not expected to significantly affect the future period.

(iv) New amendments issued but not effective

The Ministry of Corporate Affairs has vide notification dated 23 March 2022 notified Companies (Indian Accounting Standards) Amendment Rules, 2022 which amends certain accounting standards, and are effective 1 April 2022. These amendments are not expected to have a material impact on the Company in the current or future reporting periods and on foreseeable future transactions.

(v) Reclassifications consequent to amendments to Schedule III
The Ministry of Corporate Affairs amended the Schedule III to the Companies Act, 2013 on 24 March 2021 to increase the transparency and provide additional disclosures to users of financial statements. These amendments are effective from 1 April 2021.

Consequent to above, the Company has changed the classification/presentation of security deposits in the current year.

Security deposits (which meet the definition of a financial asset as per Ind AS 32) have been included in ‘other financial assets’ line item. Previously, these deposits were included in ‘loans’ line item.

The Company has reclassified comparative amounts to conform with current year presentation as per the requirements of Ind AS 1. The impact of such classifications is summarised below:

Balance Sheet (Extract)	31st March 2021 (as previously reported)	Increase / (decrease)	31st March 2021 (restated)
Loans (Non Current)	146.82	(146.82)	-
Other Financial Assets (Non current)	0.50	146.82	147.32
Loans (current)	2900.25	(0.25)	2900.00
Other Financial Assets (current)	41.26	0.25	41.51

(vi) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle (twelve months) and other criteria set out in the Schedule III (Division II) to the Act.

(vii) Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (Division II), unless otherwise stated.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the standalone financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the year in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(c) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income / other expenses. On transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation on Factory Buildings and Plant and Equipment is provided on a Straight Line Method and in case of other assets on Written Down Value Method, net of their residual values, over the estimated useful lives of assets. Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The Company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act, except for plant and machinery, useful life for which based on an independent technical evaluation has been estimated as 24 years from the date of acquisition (on a single shift basis), which is different from that prescribed in Schedule II of the Act.

The estimated useful lives of the property, plant and equipment are:

[See Table (1)]

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(d) Intangible assets

Goodwill generated as part of business combination are not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

Computer software

Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Trademarks

Trademarks acquired separately are shown at historical cost. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Amortisation method

The Company amortizes intangible assets with a future useful life using the straight-line method over following period:

[See Table (2)]

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income / other expenses.

(e) Lease

As a lessee

Leases are recognised as a right-of-use asset (“ROU”) and a corresponding lease liability at the date at which leased asset is available for use by the Company for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term leases and leases of low value assets, the Company recognises the lease payments as an expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and restoration costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Table (1)

Class of Asset	Useful life
Buildings	60 years
Plant and Machinery	24 years
Furniture and Fixtures	10 years
Vehicles	5-8 years
Office Equipment	5 years
Computers	3 years

Table (2)

Class of Asset	Useful life
Computer Software	3 years
Trademark	10 years

The lease liability is initially measured at the present value of the future lease payments which includes principal and finance cost component. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

To determine the incremental borrowing rate, the Company's where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each year.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognizes any remaining amount of the re-measurement in the Statement of Profit and Loss.

(f) Cash and Cash Equivalents

For the purpose of presentation in the Standalone Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and certain cash credit facilities that form an integral part of the Company's cash management.

(g) Inventories

Inventories of raw materials, stock in trade, stores and spares, work-in-progress, and finished goods are stated at cost or net realisable value, whichever is lower'. Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Cost formula used is 'Weighted Average cost'. Slow-moving, non-moving and defective inventories are identified and wherever necessary, provision is made for such inventories considering various factors such as likely usage, obsolescence etc. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(h) Investment in subsidiaries

Investment in subsidiaries is recognised at cost as per Ind AS -27.

(i) Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business. Trade receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Company holds the trade receivables with the objective of collecting the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

(j) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of the reporting period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(k) Investments and other financial assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and

* those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Recognition
Financial assets are initially recognised when the Company becomes party to the contractual provisions of the instrument.

(iii) Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the profit or loss are expensed in profit or loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company measures its debt instruments in following categories:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included within other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / other expenses. Impairment losses are presented as separate line item in the statement of profit and loss.

Fair value through profit and loss: Assets that do not meet the criteria for amortised cost are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net with other income / other expenses in the year in which it arises.

(iv) Impairment of financial assets

The Company assesse on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables. Note 38 details how the Company determines whether there has been a significant increase in credit risk.

(v) Derecognition of financial assets

A financial asset is derecognised only when:
• the Company has transferred the rights to receive cash flows from the financial asset or
• retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(vi) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Dividends

Dividends are received from financial assets at fair value through profit or loss and at FVOCI. Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

(l) Contributed Equity

Equity shares are classified as equity. Convertible instruments such as preference shares that will be or are expected to be settled in the Company’s own equity instruments are classified as equity if they are expected to be settled into a fixed number of equity shares.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(m) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(n) Derivative financial instruments

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as 'held for trading' for accounting purposes and are accounted for at FVPL. They are presented as current assets or liabilities to the extent they are expected to be settled within 12 months after the end of the reporting period.
Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of the item being hedged.

(o) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

(p) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the profit or loss over the year of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the year of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income / other expenses.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

(q) Borrowing costs

Interest and other borrowing costs attributable to the acquisition, construction or production of a qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other interest and borrowing costs are charged to profit or loss.

(r) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense in profit or loss.

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Material contingent liabilities are disclosed in standalone financial statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in standalone financial statements unless it is virtually certain that the future event will confirm the asset's existence and the asset will be realised.

(s) Revenue from contracts with customers

(i) Sale of Goods

Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the acceptance have been satisfied.

The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Sales of Services
Revenue from sale of services is recognised in the accounting year in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided.
Cash received before the goods and services are delivered is recognised as a contract liability.

(iii) Financing Components
The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

(t) Employee benefits

(i) Short-term Employee Benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Defined Contribution Plans

The Company pays provident fund contributions etc. to publicly administered provident and other funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are incurred.

(iii) Post-employment obligations

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in the Profit or Loss as past service cost.

(iv) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the year in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(v) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b)when the Company recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(u) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates (‘the functional currency’). The Standalone Financial Statements are presented in Indian rupee (INR), which is JK Files & Engineering Limited's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the respective transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in profit or loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in profit or loss.

(v) Income tax

The income tax expense or credit for the year is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the country where the Company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the standalone financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related defer income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiary, where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit or Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

(w) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:
- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(x) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the Managing Director .

The board of directors of Company has appointed a Managing Director who assesses the financial performance and position of the Company, and makes strategic decisions.

(y) Impairment of non-financial assets:

Goodwill is not subject to amortisation and is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

An impairment loss is recognised for any initial or subsequent write-down of the asset to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset, but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset is recognised at the date of de-recognition.

(z) Non- current assets (or disposal groups) held for sale :

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (or disposal groups) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

(aa) Exceptional Item:

Exceptional item is an item of income or expense within the Statement of Profit and Loss, which is of such size, nature and incidence that its disclosure is relevant to explain the performance of the Company for the year. The nature and amount of such item is disclosed separately in the Statement of Profit and Loss.

(ab) Government Grants:

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

(ac) Business Combinations:

The acquisition method of accounting is used to account for all business combinations (other than common control business combinations), regardless of whether equity instruments or other assets are acquired. The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another. The excess of the consideration transferred over the fair value of the net identifiable assets acquired is recorded as goodwill. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognised in shareholder’s equity.

1(C) Critical estimates and judgements

The preparation of Standalone Financial Statements requires the use of accounting estimates which by definition will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Standalone Financial statement .

The areas involving critical estimates are:

- Estimation of Defined benefit obligation - Measurement of defined benefit obligation and related plans require numerous assumptions and estimates that can have a significant impact on the recognized costs and obligation, such as future salary level, discount rate, attrition rate and mortality. (Refer Note 30)
- Inventory write down - Inventory write downs are assessed based on slow-moving, non-moving and defective inventories considering various factors such as likely usage, obsolescence etc. (Refer Note 8)

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

Textual information (26): Disclosure of significant accounting policies [Text Block]

1 STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES:

A. Background and Operations

JK Files(India) Limited incorporated in India having registered office at Mumbai and Manufacturing facilities at Ratnagiri, Chiplun, Pithampur and Vapi. The Company is a leading Engineering tools Company.

B. Significant accounting policies

(a) Basis of preparation of Financial Statements

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statement.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

1)certain financial assets and liabilities (including derivative instruments) is measured at fair value;

2)assets held for sale measured at lower of book value and fair value less cost to sell.

3)defined benefit plans plan assets measured at fair value; and

(iii) New and amended standards adopted by the Company
The Company has applied the following amendments to Ind AS for the first time for their annual reporting period commencing 1 April 2020:
- Definition of Material amendments to Ind AS 1 and Ind AS 8
- COVID-19 related concessions amendments to Ind AS 116

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(iv) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the (companys normal operating cycle (twelve months) and other criteria set out in the Schedule III (Division II) to the Act.

(v) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III (Division II), unless otherwise stated.

(b) Use of estimates and judgments

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(c) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value

Depreciation on Factory Buildings and Plant and Equipment is provided on a Straight Line Method and in case of other assets on Written Down Value Method, net of their residual values, over the estimated useful lives of assets. Leasehold land is amortised over the period of lease. Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The company depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and management believe that useful lives of assets are same as those prescribed in schedule II of the Act, except for plant and machinery, useful life for which is based on an independent technical evaluation has been estimated as 24 years from the date of acquisition (on a single shift basis), which is different from that prescribed in Schedule II of the Act.

The residual values are not more than 5% of the original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(d) Intangible assets

Goodwill generated as part of business combination are not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Computer software

Computer software are stated at cost, less accumulated amortisation and impairments, if any.

Trademarks

Trademarks acquired separately are shown at historical cost. Trademarks acquired in business combination are recognised at fair value at the acquistion date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Amortisation method

The Company amortizes intangible assets with a future useful life using the straight-line method over following period:
- Computer Software : 3 years
- Trademark : 10 years

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss.

(e) Lease

As a lessee

The Company has adopted Ind AS 116-Leases effective 1st April, 2019, using the modified retrospective method. The Company has applied the standard to its leases with the cumulative impact recognised on the date of initial application (1st April, 2019). Accordingly, previous period information has not been restated.

The Companys lease asset classes primarily consist of leases for Land and Buildings . The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:
(i) the contract involves the use of an identified asset
(ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
(iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset (ROU) and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease . They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term . The remeasurement normally also adjusts the leased assets. Lease liability and ROU asset have been presented separately on the face of the Balance Sheet and lease payments have been classified as financing cash flows.

(f) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(g) Inventories

Inventories of Raw Materials, Goods in transit, Work-in-Progress, Stock-in-trade, Stores and spares and Finished Goods are stated 'at cost or net realisable value, whichever is lower'. Cost comprise all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost formula used is 'Weighted Average cost'. Due allowance is estimated and made for defective and obsolete items, wherever necessary.

(h) Investment in subsidiary

Investment in subsidiary is recognised at cost as per Ind AS -27.

(i) Investments and other financial assets

(i) Classification

The company classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through the Statement of Profit and Loss), and

* those measured at amortised cost.

The classification depends on the company's business model for managing the financial assets and the contractual terms of the cash flows.

(ii) Measurement

At initial recognition, the company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through the Statement of Profit and Loss are expensed in the Statement of Profit and Loss.

Debt instruments:

Subsequent measurement of debt instruments depends on the company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

* Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method.

* Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment losses, interest revenue which are recognised in the Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to the Statement of Profit and Loss and recognised in other income/expense. Interest income from these financial assets is included in other income using the effective interest rate method.

* Fair value through profit and loss: Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through Statement of Profit and Loss. Interest income from these financial assets is included in other income.

(iii) Impairment of financial assets

The company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method.

(j) Equity

Preference shares, which are Compulsory Convertible are classified as Equity.

(k) Derivative financial instruments

Derivative financial instruments such as forward currency contracts and option contract, to hedge its foreign currency risks are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise.

(l) Borrowings

Borrowings are initially recognised at net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the effective interest method.

(m) Borrowing costs

Interest and other borrowing costs attributable to qualifying assets are capitalised. Other interest and borrowing costs are charged to Statement of Profit and Loss.

(n) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of managements best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense in Statement of Profit and loss.

Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events.

A contingent asset is disclosed in respect of possible asset that may arise from past event and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events.

(o) Revenue recognition

(i) Revenue from Contracts with Customers

Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the acceptance have been satisfied.

The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Other operating revenue - Export incentives -

Export Incentives under the, Duty Draw back Scheme, "Merchandise Export from India Scheme" etc. is accounted in the year of export.

(p) Employee benefits

(i) Post-employment obligations

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in the Statement of Profit and Loss as past service cost.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

Defined Contribution Plans

Defined Contribution Plans such as Provident Fund etc., are charged to the Statement of Profit and Loss as incurred.

Termination benefits

Termination benefits are payable when employment is terminated by the company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The company recognises termination benefits at the earlier of the following dates: (a) when the company can no longer withdraw the offer of those benefits; and (b)when the company recognises costs for are structuring that is within the scope of Ind AS37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(q) Foreign currency transactions

Transactions in foreign currencies are recognised at the prevailing exchange rates on the transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in the Statement of Profit and Loss.

(r) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the country where the Company operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Company measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the financial statement. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related defer income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively

(s) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the company

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:
- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(t) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

(u) Manufacturing and operating Expenses :

The Company classifies separately manufacturing and operating expenses which are directly linked to manufacturing and service activities of the company.

(v) Impairment of non-financial assets:

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the assets carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an assets fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(w) Non- current assets held for sale :

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement. Non-current assets are not depreciated or amortised while they are classified as held for sale.

1(C) Critical estimates and judgements

The preparation of financial statements requires the use of accounting estimates which by definition will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgement are:

- Estimation of Defined benefit obligation (Refer Note 31).
- Inventory write down (Refer Note 8).

Financial Liabilities				
Derivative financial instruments	-	-	-	5.50
Total financial liabilities	-	-	-	5.50

Financial instruments by category

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:
1. Fair value of trade receivables, cash and cash equivalent, other bank balances, other current financial asset (other than derivative), trade payable and other current financial liabilities approximate their carrying amounts largely due to short term maturities of these instruments.

2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

3. For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Valuation Technique used to determine fair value
- the use of NAV declared by the fund for investment in mutual funds
- the fair value of forward exchange contracts is determined using forward exchange rates at the reporting date.

Textual information (29): Disclosure of fair value measurement [Text Block]

Note 37: Fair Value measurement

Financial Instrument by category and hierarchy

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:
1. Fair value of trade receivables, cash and cash equivalent, other current financial asset, short term borrowing, trade payable and other current financial liabilities approximate their carrying amounts largely due to short term maturities of these instruments.

2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Notes:-

Financial asset and liabilities, considering the nature of rights and obligations with relevant terms including receivable/payable within 12 months from the reporting date, fair value is reasonable considered to be carrying amount as at reporting date and it includes

- Trade Receivale
- Cash and Cash equivalents
- Other financial asset
- Trade Payable
- Other financial liabilities
- Current borrowings
- Advances

Further in respect of long term security deposits being market driven rate of interest and other deposits with no fixed maturity date, fair value are considered to be carrying value

Contingent Liabilities

(i) Claims against the Company not acknowledged as debts in respect of:

Income Tax Matters	102.69	110.66
Sales tax Matters	150.07	299.69
Excise and service tax Matters	26.38	26.38
Other Matters	130.05	130.05

(ii)The Supreme Court of India, through a ruling in February 2019, provided guidelines for interpreting the scope of compensation on which the organisation and its employees are to contribute towards Provident Fund. There is significant uncertainty and ambiguity in interpreting and giving effect to the guidelines of Supreme Court. The Company believes that there will be no significant impact on its contributions to Provident Fund due to the Supreme Court Order. The Company will evaluate its position and act as clarity emerges on impact of the ruling.

The amount shown in respect of above items represent the best possible estimates arrived at on basis of available information. The uncertainties are dependent on the outcome of different legal process. The timing of cash flows will be determinable only on receipt of judgement / decisions pending with various forums / authorities.

The Company does not expect any reimbursements in respect of the above contingent liabilities.

[611800] Notes - Revenue

Unless otherwise specified, all monetary values are in Lakhs of INR

Period	FY 2022	FY 2021
Disclosure of revenue [Text Block]	Textual Information (35)	Textual Information (36)

Textual information (35): Disclosure of revenue [Text Block]

(s) Revenue from contracts with customers

(i) Sale of Goods

Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the acceptance have been satisfied.

The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Sales of Services
Revenue from sale of services is recognised in the accounting year in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided.
Cash received before the goods and services are delivered is recognised as a contract liability.

(iii) Financing Components
The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

Textual information (36): Disclosure of revenue [Text Block]

(o) Revenue recognition

(i) Revenue from Contracts with Customers

Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transfer to customer and the Company has objective evidence that all criteria for the acceptance have been satisfied.

The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period.Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Other operating revenue - Export incentives -

Export Incentives under the, Duty Draw back Scheme, "Merchandise Export from India Scheme" etc. is accounted in the year of export.

Footnotes

(A)

Refer 2019 - 20

Textual information (37): Disclosure of employee benefits [Text Block]

(t) Emplo
yee
benefits

(i) Short-term Employee Benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the year in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Defined Contribution Plans

The Company pays provident fund contributions etc. to publicly administered provident and other funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are incurred.

(iii) Post-employment obligations

Defined Benefit Plans

The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in the Profit or Loss as past service cost.

(iv) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the year in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(v) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b)when the Company recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

benefits

(i) Post-employment obligations

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in the Statement of Profit and Loss as past service cost.

(ii) Other long-term employee benefit obligations

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method.

Defined Contribution Plans

Defined Contribution Plans such as Provident Fund etc., are charged to the Statement of Profit and Loss as incurred.

Termination benefits

Termination benefits are payable when employment is terminated by the company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The company recognises termination benefits at the earlier of the following dates: (a) when the company can no longer withdraw the offer of those benefits; and (b)when the company recognises costs for are structuring that is within the scope of Ind AS37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

Note 31: Post retirement benefit plans

i) Defined benefit plans - Gratuity

The company provides for gratuity for employees in India as per the payment of gratuity act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed propertionately for 15 days salary multiplied by the number of years of services, subject to ceiling of Rs. 20 lakhs . The gratuity plan is funded plan and the company makes contributions to recognised fund in India.

As per Actuarial Valuation as on 31st March, 2020 and 31st March, 2021, amount recognised in the financial statements in respect of Employee Benefit Schemes:

Balance Sheet

Gratuity

	As at 31st March, 2021	As at 31st March, 2020
Present value of plan liabilities	(2,211.13)	(1,966.18)
Fair value of plan assets	1,948.42	1,915.49
Plan liability net of plan assets	(262.71)	(50.69)

B. Movements in plan assets and plan liabilities

As at March,21				As at March,20		
	Plan liabilities	Plan Assets	Net	Plan liabilities	Plan Assets	Net
As at 1st April	(1,966.18)	1915.49	(50.69)	(1,935.80)	1,921.61	(14.19)
Current service cost (including past service cost)	(102.58)	-	(102.58)	(95.94)	-	(95.94)
Return on plan assets excluding actual return on plan asset	-	(2.91)	(2.91)	-	(9.80)	(9.80)
Interest cost	(134.49)	-	(134.49)	(145.95)	-	(145.95)
Interest income		131.02	131.02		144.88	144.88

Actuarial gain/(loss) arising from changes in financial assumptions	2.89	-	2.89	161.44	-	161.44
Actuarial gain/(loss) arising from experience adjustments	(171.19)	-	(171.19)	(106.13)	-	(106.13)
Employer contributions	7.11	58.13	65.24	-	15.00	15.00
Benefit payments	153.31	(153.31)	-	156.20	(156.20)	-
As at 31st March	(2,211.13)	1,948.42	(262.71)	(1,966.18)	1,915.49	(50.69)

The liabilities are split between different categories of plan participants as follows:

Active members -1126 Nos. (2019-20: 1180 Nos.)

Deferred members - Nil (2019-20: Nil)

Retired members - Nil (2019-20: Nil)

C. The Company expects to contribute Rs. 209.78 lakhs to the funded plans in financial year 2021-22 (2020-21: Rs. 153.27 lakhs) for gratuity

D. Statement of Profit and Loss

	Year ended 31st March, 2021	Year ended 31st March, 2020
Employee Benefit Expenses:		
Current service cost (including past service cost)	102.58	95.94
	102.58	95.94
Interest Cost	3.47	1.07
Net impact on the Profit before tax	106.05	97.01
Remeasurement of the net defined benefit liability:		
Return on plan assets excluding actual return on plan asset	(2.91)	(9.80)
Actuarial gains/(losses) arising from changes in financial assumptions	2.89	161.44
Actuarial gain/(loss) arising from experience adjustments	(171.19)	(106.13)
Net impact on the Other Comprehensive Income before tax	(171.21)	45.51

E. Assets

Gratuity

	As at 31st March, 2021	As at 31st March, 2020
Insurer managed fund	1948.42	1915.49
Total	1948.42	1915.49

F. Actuarial assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans and post retirement benefits at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

	As at 31st March, 2021	As at 31st March, 2020
Financial Assumptions		
Discount rate	6.86%	6.84%
Salary Escalation Rate	3%~7.5%	4%~6%
Atrrition rate	2.00%	2.00%
Demographic Assumptions		

Mortality in Service : Indian Assured Lives Mortality (2006-08) Ultimate table

G. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

		As at 31st March, 2021		As at 31st March, 2020	
	Change in assumption	Increase in assumption having an impact on present value of plan liability	Decrease in assumption having an impact on present value of plan liability	Increase in assumption having an impact on present value of plan liability	Decrease in assumption having an impact on present value of plan liability
Discount rate	1%	(136.12)	153.14	(124.78)	140.01
Salary Escalation Rate	1%	151.16	(136.96)	138.54	(108.57)
Attrition rate	1%	(3.94)	4.51	(1.41)	1.86

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous year.

H. The defined benefit obligations shall mature after year end 31st March, 2021 as follows:

Defined benefit obligation

Gratuity :	As at 31st March, 2021	As at 31st March, 2020
2021	-	115.11
2022	126.27	74.42
2023	138.25	177.76
2024	223.03	211.23
2025	218.50	205.68
2026	240.63	1,245.62
Thereafter	2,893.14	1,396.13

Risk Exposure - Asset Volatility

The plan liabilities are calculated using a discount rate set with refrence to bond yields; if plan asset underperform this yield, this will create a deficit. Most of the plan asset investments is in fixed income securities. These are subject to interest rate risk and the fund manages interest rate risk derivatives to minimize risk to an acceptable level. A portion of the funds are invested in equity securities and in alternatives investments % which have low correlation with equity securities. The equity securities are expected to earn a return in excess of the discount rate and contribute to the plan deficit.

(ii) Defined contribution plans :

The Company also has certain defined contribution plans. Contributions are made to provident fund, employess state insurance scheme etc in India for employees .The contributions are made to registered fund administered by the government. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the period towards defined contribution plan is Rs. 313.24 lakhs (31st March, 2020 - Rs. 344.88 lakhs).

(iii) Compensated absences:

The leave obligations cover the Companys liability for sick and earned leave.

The amount of the provision of Rs 366.47lakhs (31st March, 2020 Rs. 315.01 lakhs) is presented as current, since the Company does not have an unconditional right to defer settlement for any of these obligations.

Independent Auditor’s Report

To the Members of JK Files & Engineering Limited (Formerly known as JK Files (India) Limited)

Report on the Audit of the Standalone financial statements

Opinion
We have audited the accompanying standalone financial statements of JK Files & Engineering Limited (Formerly known as JK Files (India) Limited) (“the Company”), which comprise the Balance Sheet as at March 31, 2022, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and total comprehensive income (comprising of profit and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the “Auditor’s Responsibilities for the Audit of the Standalone Financial Statements” section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information
The Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the standalone financial statements and our auditor’s report thereon.
Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.
We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the standalone financial statements

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of

the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the standalone financial statements
Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
Report on other legal and regulatory requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:
We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the books of account.

In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.

On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.

With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in “Annexure A”.

With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 35 to the standalone financial statements;

The Company has long-term contracts including derivative contracts as at March 31, 2022 for which there were no material foreseeable losses.

There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended March 31, 2022.

(a) The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 49 to the standalone financial statements);

The management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been received by the Company from any persons or entityies, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries (Refer Note 49 to the standalone financial statements); and

Based on such audit procedures that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material misstatement.

The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.

The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Report on the Internal Financial Controls with reference to Standalone Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

We have audited the internal financial controls with reference to standalone financial statements of JK Files & Engineering Limited [formerly known as JK Files (India) Limited] (“the Company”) as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (“the Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing deemed to be prescribed under

Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial controls with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of

records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all materialrespects, anadequate internal financial controls system with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by ICAI.

Annexure B to Independent Auditors’ Report

Referred to in paragraph 11 of the Independent Auditors’ Report of even date to the members of JK Files & Engineering Limited [formerly known as JK Files (India) Limited] on the standalone financial statements as of and for the year ended March 31, 2022

(a) (A) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of Property, Plant and Equipment.

(B) The Company is maintaining proper records showing full particulars of Intangible Assets.

The Property, Plant and Equipment are physically verified by the Management according to a phased programme designed to cover all the items over a period of 2 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the Property, Plant and Equipment has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.

The title deeds of all the immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee), as disclosed in Note 2(a) and 2(b) to the standalone financial statements, are held in the name of the Company, except for the following:

Description of property	Gross carrying value (Amount in Lakhs)	Held in the name of	Whether promoter, director or their relative or employee	Period held - indicate range, where appropriat e	Reason for not being held in the name of the Company
Leasehold Land- Chiplun	154.79	Raymond Woolen Mills Limited (Now known as Raymond Limited)	Promoter	13 years	Due to pending formalities with MIDC

The Company has not revalued its Property, Plant and Equipment (including Right of Use assets) or intangible assets or both during the year.

Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016) (formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made thereunder, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its financial statements does not arise.

(a) The physical verification of inventory excluding stocks with third parties has been conducted at reasonable intervals by the Management during the year and, in our opinion, the coverage and procedure of such verification by Management is appropriate. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not 10% or more in aggregate for each class of inventory.

During the year, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, from banks on the basis of security of current assets. The Company has filed quarterly returns or statements with such banks which are in agreement with the unaudited books of account. (Also refer Note 15 to the standalone financial statements).

(a) During the year , the Company has made investments in two companiesand granted unsecured loans to one company. During the year, the Company did not provide any guarantee or security or grant secured loans or advances in nature of loan, to companies, firm, Limited Liability Partnership or any other parties.

The aggregate amount during the year, and balance outstanding at the balance sheet date with respect to such unsecured loans to parties other than subsidiaries, joint ventures and associates are as per the table given below. Further, the Company has not granted loans or advances and guarantee or securities to subsidiaries.

Particulars	Amount (Rs in Lakhs)
Aggregate amount of unsecured loan granted during the year	1,100 Lakhs
Balance outstanding as at the balance sheet date in respect of the above	Nil

(Also refer Note 41 to the standalone financial statements)

In respect of the aforesaid investments and loans, the terms and conditions under which such loans were granted/investments were made are not prejudicial to the Company’s interest.

In respect of the loans granted including those loans granted in the earlier years and outstanding as at the beginning of the financial year, the schedule of repayment of principal and payment of interest has been stipulated, and the parties are repaying the principal amounts, as stipulated, and are also regular in payment of interest as applicable.

In respect of the loans granted including those loans granted in the earlier years and outstanding as at beginning of the financial year, there is no amount which is overdue for more than ninety days.

Following loans were granted to same parties, which has fallen due during the year and were renewed/ extended. Further, no fresh loans were granted to same parties to settle the existing overdue loans.

Name of the parties	Aggregate amount of dues renewed or extended or settled by fresh loans	Percentage of the aggregate to the total loans granted during the year
Raymond Luxury Cotton Limited	Rs 500 lakhs	45.45%

The loans granted during the year, including to related parties had stipulated the scheduled repayment of principal and payment of interest and the same were not repayable on demand.

In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made. The Company has not provided any guarantees and security to the parties covered under Section 185 and 186 of the Companies Act, 2013.

The Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.

Pursuant to the rulesmade by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.

(a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of provident fund, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including employees' state insurance, sales tax, income tax, service tax, duty of customs, duty of excise, value added tax, cess, goods and services tax and other material statutory dues, as applicable, with the appropriate authorities. Also, refer note 35 to the standalone financial statements regarding management's assessment on certain matters relating to provident fund.

According to the information and explanations given to us and the records of the Company examined by us, there are no statutory dues of provident fund, service tax, duty of customs, duty of excise, cess, goods and service tax which have not been deposited on account of any dispute. The particulars of other statutory dues referred to in sub-clause (a) as at March 31, 2022 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (Rs. In Lakhs) (net of deposit)	Period which amount relates	to the	Forum where the dispute is pending	Remark s, if any
The Central Sales Tax Act, 1956 and Maharashtra Value Added Tax Act, 2002	Sales (VAT CST)	Tax and	111.88	2013-14 2014- 15	and	Deputy Commissioner of Sales Tax
The Central Sales Tax Act, 1956 and West Bengal Value Added Tax Act, 2003	Sales (VAT CST)	Tax and	11.49	2013-14 2014-15		Sales Tax Officer
The Central Sales Tax Act,1956 and Madhya Pradesh Value Added Tax Act, 2002	Sales (VAT CST)	Tax and	1.77	2015-16	and	Deputy Commissioner

The Central Sales Tax Act,1956 and Madhya Pradesh Value Added Tax Act, 2002	Sales Tax (VAT and CST)	1.91	2017-18	Assistant Commissioner
West Bengal Value Added Tax Act, 2003	Sales Tax (VAT)	0.08	2014-15	Sr. Joint Commissioner
The Income Tax Act, 1961	Income Tax	81.02	2010-11 to 2015-16	Income Tax Tribunal
Employees' State Insurance Act, 1948	ESIC	1.30	1975-82	High Court, Bombay
Employees' State Insurance Act, 1948	ESIC	0.87	February 2002 to March 2003	Learned Employees' Insurance Court, Kolkata
Employees' State Insurance Act, 1948	ESIC	1.38	2005-06 and 2006-07	Learned Employees' Insurance Court, Kolkata

According to the information and explanations given to us and the records of the Company examined by us, there are no transactions in the books of account that has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961, that

has not been recorded in the books of account.

(a) According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender during the year.

According to the information and explanations given to us and on the basis of our audit procedures, we report that the Company has not been declared Willful Defaulter by any bank or financial institution or government or any government authority.

According to the records of the Company examined by us and the information and explanations given to us, the Company has not obtained any term loans.

According to the information and explanations given to us, and the procedures performed by us, and on an overall examination of the standalone financial statements of the Company, we report that no funds raised on short-term basis have been used for long-term purposes by the Company.

According to the information and explanations given to us and on an overall examination of the standalone financial statements of the Company, we report that the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries. Further the Company did not have associates or joint ventures during the year.

According to the information and explanations given to us and procedures performed by us, we report that the Company has not raised loans during the year on the pledge of securities held in its subsidiaries. Further, the Company did not have associates or joint ventures during the year.

(a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable to the Company.

The Company has not made any preferential allotment or private placement of shares or fully or partially or optionally convertible debentures during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable to the Company.

(a) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company, noticed or reported during the year, nor have we been informed of any such case by the Management.

During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, a report under Section 143(12) of the Act, in Form ADT-4, as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 was not required to be filed with the Central Government. Accordingly, the reporting under clause 3(xi)(b) of the Order is not applicable to the Company.

During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, and as represented to us by the management, no whistle-blower complaints have been received during the year by the Company. Accordingly, the reporting under clause 3(xi)(c) of the Order is not applicable to the Company.

As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the reporting under clause 3(xii) of the Order is not applicable to the Company.

The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard 24 “Related Party Disclosures” specified under Section 133 of the Act.

(a) In our opinion and according to the information and explanation given to us, the Company has an internal audit system commensurate with the size and nature of its business.

We have considered the internal audit reports of the company issued till date, for the period under audit.

The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the reporting on compliance with the provisions of Section 192 of the Act under clause 3(xv) of the Order is not applicable to the Company.

(a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable to the Company.

The Company has not conducted non-banking financial / housing finance activities during the year. Accordingly, the reporting under clause 3(xvi)(b) of the Order is not applicable to the Company.

The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable to the Company.

Based on the information and explanations provided by the management of the Company, the Group does not have any CICs, which are part of the Group. We have not, however, separately evaluated whether the information provided by the management is accurate and complete. Accordingly, the reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.

The Company has not incurred any cash losses in the financial year or in the immediately preceding financial year.

There has been no resignation of the statutory auditors during the year and accordingly the reporting under clause (xviii) is not applicable.

According to the information and explanations given to us and on the basis of the financial ratios (Also refer Note 44 to the standalone financial statements), ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.

As at balance sheet date, the Company does not have any amount remaining unspent under Section 135(5) of the Act. Accordingly, reporting under clause 3(xx) of the Order is not applicable.

The reporting under clause 3(xxi) of the Order is not applicable in respect of audit of Standalone Financial Statements. Accordingly, no comment in respect of the said clause has been included in this report.

JK FILES & ENGINEERING LIMITED
(formerly known as JK FILES (INDIA) LIMITED)
CIN: U27104MH1997PLC105955

DIRECTORS' REPORT

To,
The Members of JK FILES & ENGINEERING LIMITED

Your Directors present their Twenty Fifth Annual Report on the business and Operations of the Company together with the Audited Financial Statements for the Financial Year ended March 31, 2022.

FINANCIAL HIGHLIGHTS / OPERATIONAL PERFORMANCE
This company manufactures steel files and cutting tool and markets, hands tools and power tools. It is the leading manufacturer of steel files in the world with a domestic market share of~60%.

Your Company reported a Standalone Gross Revenue of Rs. 502.92 Crore for the FY 2022 (Previous Year: Rs. 348.07 Crore). The Company registered a profit before exceptional item of Rs. 64.95 Crore (Previous year profit of Rs. 32.90 Crore). The Company registered a Profit after Tax of Rs. 58.71 Crore (Previous Year: Profit of Rs. 24.49 Crore).

On a consolidated basis, during the year under review, the Company reported a Gross Revenue of
Rs. 812.01 Crore as against Rs. 541.51 Crore (as per the restated consolidated accounts for FY 2021) Restated Profit after Tax on a consolidated basis for FY 2022 was Rs. 84.42 Crore.

CHANGE OF NAME
During the year under review, your Company has changed its name from "JK Files (India) Limited" to
"JK Files & Engineering Limited" with effect from November 10, 2021. The new name represents the Company's capabilities in both Industrial Files as well as Engineering business segments.

ALTERATION OF ARTICLES OF ASSOCIATION
The Company adopted a new set of Articles of Association in line with the requirements of the Companies Act, 2013 and the Rules made thereunder at an Extra-ordinary Meeting of shareholders held on November 18, 2021.

MATERIAL CHANGES AND COMMITMENT – IF ANY, AFFECTING FINANCIAL POSITION OF THE COMPANY FROM THE END OF THE FINANCIAL YEAR TILL THE DATE OF THIS REPORT
There has been no material change and commitment, affecting the financial performance of the Company which occurred between the end of the Financial Year of the Company to which the financial statements relate and the date of this Report, except for the impact arising out of COVID-19, which is detailed in this Report.

COVID-19 AND ITS IMPACT

Your Company is in the business of manufactures steel files and cutting tool and markets hands tools and power tools and, a key supplier in tools and hardware supply chain market. Files and cutting tools are going to remain key and a top priority going forward as well. Further, there are significant geographic, new customer and new proposition opportunities that will continue to drive growth in mid and long term.
The management of the Company has carried out a detailed assessment for impact of ongoing COVID-19 pandemic on its business operations (including liquidity position) and concluded that no material adjustments are considered necessary in the financial statements as at March 31, 2022. Further, based on the current scenario, the management does not foresee any material impact in the subsequent periods as well.

DIVIDEND

During the year, the Company paid an interim dividend of Rs. 4 per equity share. Your Directors do not recommend payment of final dividend for the financial year under review.

RESERVES

Your company has not transferred any amount to the reserves of the Company.

INITIAL PUBLIC OFFER

The Company filed a Draft Herring Prospectus with Securities and Exchange Board of India on December 08, 2021 for undertaking an initial public offer of equity shares of the Company for an amount not exceeding Rs. 800 Crore. The approval from SEBI on the document was received on February 23, 2022.

The Company is yet to file the Red Herring Prospectus and is optimistic on accessing the capital market in FY2022-23.

DIRECTORS' RESPONSIBILITY STATEMENT
Pursuant to Section 134(3)(c) of the Companies Act, 2013, the Board of Directors of the Company hereby state and confirm that:

To the best of their knowledge and belief and according to the information and explanations obtained by them, your Directors make the following statements in terms of Section 134(3)(c) of the Companies Act, 2013:
that in the preparation of the annual accounts for the year ended March 31, 2022, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;
that the directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2022 and of the profit of the Company for the year ended on that date;
that the directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
that the directors have prepared the annual accounts on a going concern basis; and
that the directors have devised proper systems to ensure compliance with the provisions of all applicable laws were in place and were adequate and operating effectively.

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO
The details as prescribed under Section 134(3)(m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014, on the conservation of energy, technology absorption and foreign exchange earnings and outgo is annexed herewith as Annexure - C to this Report.

ANNUAL RETURN
The details forming part of the Annual Return are displayed on the Company's website (www.jkfilesand engineering.com).

PARTICULARS OF EMPLOYEES
Since your company is not a listed company, the provisions of Section 197(12) of the Companies Act, 2013 read with Rule 5 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 in respect of employees of the Company for the year ended March 31, 2022 is not applicable.

DISCLOSURE UNDER SEXUAL HARASSMENT ACT
As required by the Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013, the Company has formulated and implemented a policy on prevention of sexual harassment at workplace with a mechanism of lodging complaints and complied with the applicable provisions of the said Act. There were no complaints filed against any of the employees of the Company under this Act.

DISCLOSURES
No application has been made under the Insolvency and Bankruptcy Code. The requirement to disclose the details of application made or any

proceeding pending under the Insolvency and Bankruptcy Code, 2016 (31 of 2016) during the year along with their status as at the end of the financial year is not applicable.
The requirement to disclose the details of difference between amount of the valuation done at the time of onetime settlement and the valuation done while taking loan from the Banks or Financial Institutions along with the reasons thereof, is not applicable.

ACKNOWLEDGEMENT
The Directors express their appreciation to all the employees for their dedication and commitment. The Directors also extend their appreciation to the Banks for their continued support and co-operation.

Form No. MR-3
Secretarial Audit Report
[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]
For the Financial Year Ended March 31, 2022

To,
The Members,
JK FILES & ENGINEERING LIMITED
NEW HIND HOUSE, NAROTTAM MORARJEE MARG,
BALLARD ESTATE,
MUMBAI - 400001

Dear Members,

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by JK FILES & ENGINEERING LIMITED (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended March 31, 2022, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:
The Companies Act, 2013 (the Act) and the rules made there under;
The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made there under: NA;
The Depositories Act, 1996 and the Regulations and bye-laws framed there under;
The provisions of Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowings: NA;
Provisions of Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’) were not applicable to the Company during the Audit Period.

We further report that based on the compliance certificates issued by its officers and taken on record by the Board of Directors at their meeting(s) we are of the opinion that there are adequate systems and mechanism in place which are commensurate with the size and operations of the Company to monitor and ensure the compliances of the general laws, rules, regulations and guidelines made there under and also to monitor and ensure the compliances of the following laws specifically applicable to the Company:
Factories Act, 1948;
Industries (Development & Regulation) Act, 1951
Labour Laws and other incidental laws related to labour and employees appointed by the Company either on its payroll or on contractual basis as related to wages, gratuity, provident fund, ESIC, compensation etc.;
Acts prescribed under prevention and control of pollution
Acts prescribed under Environmental protection;
Acts as prescribed under Direct Tax and Indirect Tax;

Land Revenue laws of respective States
Labour Welfare Act of respective States;
Trade Marks Act 1999 & Indian Copy Right Act 1957;
The Legal Metrology Act, 2009;

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above. For Income Tax laws we have relied on the Audit report issued by the Statutory Auditors.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non - Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting

Majority decision is carried through while there were no dissenting members' views which are to be captured and recorded as part of the minutes.

We further report that during the audit period the following specific events took place:

Sub-division of Equity shares:
The Members at their Extra-Ordinary General Meeting held on October 28, 2021 accorded for the sub-division of each of the Equity Share of the Company having a face value of Rs. 10/- each in the Authorized Equity Share Capital of the Company to be sub-divided into 5 (Five) Equity Shares having a face value of Rs. 2/- each.

Alteration of Memorandum and Articles of Association of the Company:
The Company at its Extra-Ordinary General Meeting held on October 28, 2021 altered the following:

Memorandum of Association for:
Change of Name:
The name of the Company was changed from JK Files (India) Limited to JK FILES & ENGINEERING LIMITED". Consequently, a fresh certificate of incorporation dated November 10, 2021 was issued by the Registrar of Companies, Mumbai.

Alteration in Authorised Capital:

Consequent to subdivision of Equity Shares, the existing Clause V of the Memorandum of Association was substituted with new Clause V as given hereunder:

"The Authorised Share Capital of the Company is Rs. 39,00,00,000 (Rupees Thirty-Nine Crores only) divided into 8,50,00,000 (Eight Crore Fifty Lakhs) Equity Shares of Rs. 2/- each and 22,00,000 (Twenty-Two Lakhs) Preference Shares of Rs. 100/- each with rights, privileges and conditions attaching thereto as are provided by the regulations of the Company for the time being, with power to increase and reduce the capital of the Company and to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential rights, privileges or conditions as may be determined by or in accordance with the regulations of the Company and to vary, modify or abrogate any such rights, privileges or conditions in such manner as may be for the time being provided by the regulations of the Company."

Articles of Association:
Adopted new set of Articles as per Companies Act, 2013.

Issue of Bonus shares:
The Members at their Extra-Ordinary General Meeting held on October 28, 2021 approved Bonus issue of Equity Shares in the ratio of 1:5 to its existing members. Accordingly, the Committee of Directors at its meeting held on November 08, 2021 allotted 87,40,658 Equity Shares of Face value Rs. 2/- each to Raymond Limited its holding company and the only existing shareholder.

Substantial Stake in other Companies:
The Board of Directors at its meeting held on September 27, 2021 approved acquisition of substantial stake in equity shares of the following Companies:
100% stake in Scissors Engineering Products Limited comprising of 1,81,31,365 Equity Shares at NIL consideration from Raymond Limited;
89.07% stake in Ring Plus Aqua Limited comprising of 69,08,482 Equity shares at NIL consideration from Scissors Engineering Products Limited.

Redemption of Preference Shares:
The Board of Directors at its meeting held on September 27, 2021 approved redemption of 22,00,000 - 9 % Non–Cumulative Compulsory Convertible Preference Shares ("9% CCPS") of Rs. 100 each aggregating to Rs. 22,00,00,000/- (Rupees Twenty-Two Crores only) at par out of the distributable profits of the Company as per the terms and conditions of the issue.

ANNEXURE to the Secretarial Audit Report

To
The Members,
JK FILES (INDIA) LIMITED
NEW HIND HOUSE, NAROTTAM MORARJEE MARG,
BALLARD ESTATE,
MUMBAI - 400001

Our report of even date is to be read along with this letter:

Maintenance of secretarial records is the responsibility of management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.

We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, followed provide a reasonable basis for our opinion.

We have not verified the correctness and appropriateness of financial records and books of accounts of the Company.

Wherever required, we have obtained the Management Representation about the compliance of laws, rules and regulations and happening of events, etc.

The compliance of the provisions of corporate and other applicable laws, rules and regulations, standards is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.

The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

CONTENTS OF CORPORATE SOCIAL RESPONSIBILITY POLICY

The CSR initiatives focus on holistic development of host communities and create social, environmental and economic value to the society.
The Company’s commitment to CSR projects and programmes will be by investing resources into any of the following areas.
Eradicating hunger, poverty and malnutrition;
Promotion of healthcare including preventive healthcare;
Promotion of education and employment-enhancing vocational skills;
Ensuring environmental sustainability and animal welfare including measures for reducing inequalities faced by socially & economically backward groups;
Other focus areas as may be reviewed and included by CSR Committee, from time to time, in line with provisions of Act and in line with the emerging societal circumstances and in consideration of changing national priorities of the government.

ANNEXURE - C

CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION, FOREIGN EXCHANGE EARNINGS & OUTGO
[Section 134(3) (m) of the Companies Act, 2013 read with
Rule 8(3) of the Companies (Accounts) Rules, 2014]

CONSERVATION OF ENERGY :
Under the Green Energy initiative, the Company has installed and commissioned a “Solar Power Generation system” of 60 KW in FY 2012-13 at the Company’s premises at Thane & of 100 KW in FY 2015-16 at Chiplun. In FY 2021-22, the Company generated Green power of 152.76 MWh thereby achieving a reduction of 160 MT of CO2.

During FY 2017-18, the Company’s Pithampur plant entered into a Solar Power Purchase agreement which provides benefits in terms of rate of electricity. Total savings through this in
FY 2021-22 is Rs. 8.48 Lakh
In addition to the above, various initiatives were taken during FY 2021-22 at the manufacturing units of the Company. These initiatives resulted in saving electricity and the total savings achieved during FY2021-22 was Rs. 13.66 Lakh.

Initiatives	Unit	Savings (in Rs. Lakh)
Annealing No of charges in OFF - Peak hr	Ratnagiri	4.70
Replacement of 20hp brine water pump with 4hp pump	Vapi	4.47
Annealing No of charges in OFF - Peak hr increasing from 1 to 2	Pithampur	2.38
Replacement of 40-watt Fluorescent Tube Lights with 200 20-watt LED Lights	Ratnagiri	0.98
Replacement of 600-Watt MV overhead lamp with 30 180-Watt LED lights	Pithampur	0.41
Usage of Skylight	Pithampur	0.37
Replacement of 60-Watt street lights with 25 15-Watt LED Lights	Ratnagiri	0.31
Use of energy efficient motors	Vapi	0.06

TECHNOLOGY ABSORPTION :

Development in machine

Various cost saving initiatives were taken through development in machine & fixtures at various plants of the Company. Savings achieved during FY 2021-22 were Rs. 38.48 Lakh. Details are given as under:

Initiatives	Unit	Savings (in Rs. Lakh)
Modification of Oxley grinding machine to avoid grinding Rejection	Chiplun	21.85
Automation for Handle fitting operation	Ratnagiri	5.08
Electrode material change for better life-Drill	Chiplun	3.64
Avoid criss-cross material movement between ancillaries	Chiplun	2.09
On single Oxley machine for double ender file production	Ratnagiri	1.80
Replacement of eccentric gear box	Vapi	1.80
Replacement of Reduction gear box with hydraulic mechanism	Vapi	0.78
Avoid file falling in scouring department	Vapi	0.74
Edge cutting fixture’s material development (Mill & Flat)	Vapi	0.72

New equipment:

Installation of new equipment at various units generated savings of Rs. 9.01 Lakh in FY 2021-22:

Initiatives	Unit	Savings (in Rs. Lakh)
New Forklift	Vapi	6.60
Winder Re-winder for pouch packing machine	Chiplun	1.91
Small furnace for needle file stress reduction	Ratnagiri	0.50

New packaging development:

Through developments in packing & stores consumables during FY 2021-22, the Company made savings of approximately Rs. 16 Lakh.

New Product Development:

The Company developed 10 new products which generated revenue of Rs. 4.0 Crore in FY 2021-22.

In case of imported technology (imported during the last three years reckoned from the beginning of the financial year): NOT APPLICABLE

Research and Development:

Research and development resulted in savings of Rs. 114.97 Lakh during FY 2021-22. Details of the same are as under:

Initiatives	Unit	Savings (in Rs. Lakh)
Reduction in Rejection %	Vapi	13.98
Reduction in Scrap %	Vapi	11.95
Reduction of Bend by usage of Press Quenching Instead of Hand straightening after Hardening of Flat/Mill Files upto 12 inch	Pithampur	10.83
Saving through Apex non usable material into dispatch material	Vapi	32.72
Conversion of Blanks to Jobber Drills	Chiplun	14.75
Conversion of Scrap files - 4" ST to 3.5" ST	Chiplun	10.65
Chainsaw Manual Hardening Vs Gang Hardening at Ancillary	Chiplun	10.42
Reuse of scrap stamp blanks	Ratnagiri	3.15
Robo round furnace to rectangular furnace with electrode heating	Pithampur	2.42
Recovery from End piece -HSS round and square	Chiplun	2.40
Double file edge cutting for 250mm Th sq on BS4 M/c	Ratnagiri	0.85
Develop cold punching process for Feather Edge file.	Chiplun	0.70
Chainsaw end pieces used for needle file manufacturing (3.2mm,3.6mm,4mm)	Chiplun	0.15

Vendor development & Rate negotiation development:
Various Initiatives of Vendor development & rate negotiation taken at various manufacturing units. This development generated savings of Rs. 25.39 Lakh in FY 2021-22:

Initiatives	Unit	Savings (in Rs. Lakh)
Sourcing for Consumable Items & Vendor Management	Pithampur	7.49
Alternate source of chisel supplier	Vapi	5.26
Strategic Process mapping & Printing of Drill boxes	Chiplun	3.98
Cost improved sourcing of Furnace Oil	Pithampur	3.58
Alternate supplier for wooden box	Vapi	2.53
Alternate source for shrink packing roll	Vapi	2.14
Cost improved sourcing of Lubricating Oil	Pithampur	0.42

FOREIGN EXCHANGE EARNINGS AND OUTGO:

During the year under review, the Company had Rs. 259.40 Cr (Previous Year: 156.04 Cr) as earnings in foreign exchange and the outgo in foreign exchange was Rs. 85.16 Cr (Previous Year: 57.48 Cr).

Secretarial Audit Report
[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]
For the Financial Year Ended March 31, 2022

To,
The Members,
JK FILES & ENGINEERING LIMITED
NEW HIND HOUSE, NAROTTAM MORARJEE MARG,
BALLARD ESTATE,
MUMBAI - 400001

Dear Members,

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by JK FILES & ENGINEERING LIMITED (hereinafter called “the Company”). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing our opinion thereon.

Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended March 31, 2022, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2022 according to the provisions of:
The Companies Act, 2013 (the Act) and the rules made there under;
The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made there under: NA ;
The Depositories Act, 1996 and the Regulations and bye-laws framed there under;
The provisions of Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial borrowings: NA ;
Provisions of Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’) were not applicable to the Company during the Audit Period.

We further report that based on the compliance certificates issued by its officers and taken on record by the Board of Directors at their meeting(s) we are of the opinion that there are adequate systems and mechanism in place which are commensurate with the size and operations of the Company to monitor and ensure the compliances of the general laws, rules, regulations and guidelines made there under and also to monitor

and ensure the compliances of the following laws specifically applicable to the Company:
Factories Act, 1948;
Industries (Development & Regulation) Act, 1951
Labour Laws and other incidental laws related to labour and employees appointed by the Company either on its payroll or on contractual basis as related to wages, gratuity, provident fund, ESIC, compensation etc.;
Acts prescribed under prevention and control of pollution
Acts prescribed under Environmental protection;
Acts as prescribed under Direct Tax and Indirect Tax;
Land Revenue laws of respective States
Labour Welfare Act of respective States;
Trade Marks Act 1999 & Indian Copy Right Act 1957;
The Legal Metrology Act, 2009;

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above. For Income Tax laws we have relied on the Audit report issued by the Statutory Auditors.

We further report that the Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non - Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting

Majority decision is carried through while there were no dissenting members' views which are to be captured and recorded as part of the minutes.

We further report that during the audit period the following specific events took place:

Sub-division of Equity shares:
The Members at their Extra-Ordinary General Meeting held on October 28, 2021 accorded for the sub-division of each of the Equity Share of the Company having a face value of Rs. 10/- each in the Authorized Equity Share Capital of the Company to be sub-divided into 5 (Five) Equity Shares having a face value of Rs. 2/- each.

Alteration of Memorandum and Articles of Association of the Company:
The Company at its Extra-Ordinary General Meeting held on October 28, 2021 altered the following:

Memorandum of Association for:
Change of Name:
The name of the Company was changed from JK Files (India) Limited to JK FILES & ENGINEERING LIMITED". Consequently, a fresh certificate of incorporation dated November 10, 2021 was issued by the Registrar of Companies, Mumbai.

Alteration in Authorised Capital:
Consequent to subdivision of Equity Shares, the existing Clause V of the Memorandum of Association was substituted with new Clause V as given hereunder:

"The Authorised Share Capital of the Company is Rs. 39,00,00,000 (Rupees Thirty-Nine Crores only) divided into 8,50,00,000 (Eight Crore Fifty Lakhs) Equity Shares of Rs. 2/- each and 22,00,000 (Twenty-Two Lakhs) Preference Shares of Rs. 100/- each with rights, privileges and conditions attaching thereto as are provided by the regulations of the Company for the time being, with power to increase and reduce the capital of the Company and to divide the shares in the capital for the time being into several classes and to attach thereto respectively such preferential rights, privileges or conditions as may be determined by or in accordance with the regulations of the Company and to vary, modify or abrogate any such rights, privileges or conditions in such manner as may be for the time being provided by the regulations of the Company."

Articles of Association:
Adopted new set of Articles as per Companies Act, 2013.

Issue of Bonus shares:
The Members at their Extra-Ordinary General Meeting held on October 28, 2021 approved Bonus issue of Equity Shares in the ratio of 1:5 to its existing members. Accordingly, the Committee of Directors at its meeting held on November 08, 2021 allotted 87,40,658 Equity Shares of Face value Rs. 2/- each to Raymond Limited its holding company and the only existing shareholder.

Substantial Stake in other Companies:

ANNEXURE to the Secretarial Audit Report

To
The Members,
JK FILES (INDIA) LIMITED
NEW HIND HOUSE, NAROTTAM MORARJEE MARG,
BALLARD ESTATE,
MUMBAI - 400001

Our report of even date is to be read along with this letter:

Maintenance of secretarial records is the responsibility of management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.

We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, followed provide a reasonable basis for our opinion.

We have not verified the correctness and appropriateness of financial records and books of accounts of the Company.

Wherever required, we have obtained the Management Representation about the compliance of laws, rules and regulations and happening of events, etc.

The compliance of the provisions of corporate and other applicable laws, rules and regulations, standards is the responsibility of the management. Our examination was limited to the verification of procedures on test basis.

The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.
