(W)

A provision is recognised for expected warranty claims on products sold, based on past experience of the level of repairs and returns. It is expected that significant portion of these costs will be incurred in the next 12 months period. Assumptions used to calculate the provision for warranties are current sales level and past level of repairs and returns. The movement in provision is as below.

Movement during the year - Provision for Warranties

	Year ended March 31, 2025	Year ended March 31, 2024
Opening balance	42.69	-
Addition pursuant to business combination (Refer Note 44)	-	42.69
Provided during the year	2.76	-
Closing balance	45.45	42.69

Raymond Limited, India and its nominees	52,443,948	52,443,948
Preference Shares		
Raymond Limited, India	5,000,000	5,000,000

b) Details of equity shares held by shareholders holding more than 5% of the aggregate shares in the Company

Name of Shareholders	As at March 31, 2025		As at March 31, 2024	
	Number of shares	% of Holding	Number of shares	% of Holding
Equity Shares				
Raymond Limited, India and its nominees	52,443,948	100%	52,443,948	100%
Preference Shares				
Raymond Limited, India	5,000,000	100%	5,000,000	100%

c) During the five years immediately preceding the reporting date, no shares have been bought back nor had the Company issued any bonus shares or any shares for consideration other than cash, except for the following:

The Company, during the year ended March 31, 2022 carried out split of its equity shares from 17,000,000 number of equity shares of face value of Rs. 10 each to 85,000,000 number of equity shares of Rs. 10 each and further, the Company issued 8,740,658 number of bonus shares by capitalising a sum of Rs. 174.81 lakhs out of the reserves of the Company.

d) Disclosure of Shareholding of Promoters

All the equity shares of the Company are held by its promoter, Raymond Limited, and there is no change in such shareholding. Further, the preference shares issued during the year are entirely held by the promoter, Raymond Limited. Since there is no change in shareholding at the end of each year referred to in 12 d) above, no separate disclosure is required in respect of "Disclosure of Shareholding of Promoters".

Textual information (2): Disclosure of notes on equity share capital explanatory [Text Block]

Refer 2024-25

Textual information (3): Rights preferences and restrictions attaching to class of share capital

Equity shares: The Company has only one class of equity shares having par value of Rs. 2 per share. Each shareholder is entitled to one vote per share. In the event of liquidation of the Company the holder of equity shares will be entitled to receive any of the remaining assets of the Group after distribution of all preferential payments. The distribution will be in proportion to the number of equity shares held by the shareholders.

Textual information (4): Rights preferences and restrictions attaching to class of share capital

Preference shares:The preference shares ("NCRPS") carry rate of dividend of 0.01% and they are non-convertible and non-cumulative in nature. These preference shares are redeemable within 20 years at the option of the Company. The NCRPS shall not have any voting rights as applicable to the preference shares under the Companies Act, 2013.

Securities Premium

Securities Premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provision of the Act.

Capital Reserve

Capital Reserve was created on account of merger of Trinity India Limited with Ring Plus Aqua Limited pursuant to the Scheme of Amalgamation in the financial year 2012-13.

Employee Stock Options Reserve

The Employee Stock Options Reserve was used to recognise the grant date fair value of options issued to employees under 'Ring Plus Aqua Limited - Employee stock option plan 2019' (Refer Note 45).

Capital Redemption Reserve

Capital Redemption Reserve is created on redemption of Non-cumulative convertible preference shares and it is non-distributable reserve.

Debenture Redemption Reserve

Debenture redemption reserve has been created as required by the provisions of Companies Act, 2013, read with the related rules

The details of movement in debenture redemption reserve during the year is as below:

Debenture Redemption Reserve	As at March 31, 2025	As at March 31, 2024
Balance at the beginning of the year	3,000.00	-
Transfer to Debeture redemption reserve from Retained Earnings	(312.00)	3,000.00
Balance at the end of the year	2,688.00	3,000.00

Equity component of compound financial instruments

Represents equity component of 0.01% NCRPS

Textual information (11): Disclosure of goodwill [Text Block]

Goodwill and other intangible assets

Goodwill was recognised on the following:

1. Demerger of files and tools division of Raymond Limited into the Company in earlier years (wherein goodwill is allocated to the CGU - tools and hardware)

2. Acquisition of Maini Precision Products Limited by Ring Plus Aqua Limited during the previous year (goodwill allocated to the CGU - Auto components and Aerospace of Maini Precision Products Limited)

The Group has performed an impairment assessment for goodwill relating to CGU - tools and hardware, for year ended March 31, 2025 and year ended March 31, 2024 considering profits earned by CGU being significantly higher than carrying amount of goodwill for all the years covered above, thus no impairment on goodwill has been recognised.

In respect of Goodwill and other intangible assets recognised during the previous year on account of acqusition of MPPL (Refer Note 44), annual impairment assessment was performed and considering the financial conditions and future projections, no impairment on goodwill and other intangible assets has been recognised.

Textual information (12): Disclosure of goodwill [Text Block]

Footnotes

(A)

Inventories

	As at March 31, 2025	As at March 31, 2024
Raw materials	7,528.96	9,451.01
Raw material in transit	1,246.80	1,133.38
Work-in-progress	8,947.98	8,920.54
Finished goods	19,056.50	15,833.03
Stock-in-trade	1,486.54	1,097.35
Stock-in-trade in transit	54.13	206.70
Stores and spares	1,521.57	1,309.93
Total	39,842.48	37,951.94

Write-down of inventories are accounted, considering the nature of inventory, ageing, liquidation plan and net realisable value. Write-down of inventories amounted to Rs. 759.15 lakhs for the year ended March 31, 2025 (write-down Rs. 389.96 lakhs for the year ended March 31, 2024). These write- downs were recognised as expenses and included in 'Cost of raw materials consumed', 'changes in inventories of work-in progress, finished goods and stock-in-trade' and 'consumption of stores and spare parts' in the Consolidated Statement of Profit and Loss.

1: One of the subsidiaries of the Company, during the year, has received an income tax demand notice amounting to Rs. 822.24 Lakhs in respect of certain assets sold by the subsidiary to JK investors (Bombay) Limited (JKIB) during financial year 2021-22. JKIB has given an undertaking to the Board of Directors of the subsidiary that any past, present or future liability (including tax liabilities) in relation to the aforesaid assets will be borne by them, hence no impact of the aforesaid demand has been considered in these consolidated financial statements.

2: Assets pledged as security

The carrying amounts of assets pledged as security are:

	As at March 31, 2025	As at March 31, 2024
Current assets		
Floating Charge		
Trade receivables	38,331.69	33,612.54
Inventories	39,842.47	37,951.94
Cash and cash equivalents	1,924.65	2,545.82
Bank balances other than above	3.49	3.50
Loans	270.53	40.43
Other financial asset	1,047.70	472.23
Other current assets	9,223.14	8,524.53
Total Current assets given as security	90,643.67	83,150.99
Non-current assets		
Fixed Charge		
Property, Plant and Equipment	39,679.84	36,812.62
Right of use assets	204.66	210.92
Capital work - in - progress	488.39	173.05
Intangible asset	122.83	123.91
Intangible asset under development	198.60	78.25
Total non-current assets pledged as security	40,694.32	37,398.75
Total assets pledged as security	1,31,337.99	1,20,549.74

3: Contingent liabilities

	As at March 31, 2025	As at March 31, 2024
Contingent Liabilities		

(i) Claims against the Group not acknowledged as debts in respect of:		
Income tax matters	556.69	556.69
Sales tax matters	24.07	25.60
Excise matters	425.28	618.96
Service tax matters	-	248.50
Goods and Service Tax Matters	1,609.46	74.84
Other matters *	94.93	130.05
Total	2,710.43	1,654.64

* Amount pertains to various labour related matters.

(ii) The Supreme Court of India, through a ruling in February 2019, provided guidelines for interpreting the scope of compensation on which the organisation and its employees are to contribute towards Provident Fund. There is significant uncertainty and ambiguity in interpreting and giving effect to the guidelines of Supreme Court. The Group believes that there will be no significant impact on its contributions to Provident Fund due to the Supreme Court Order. The Group will evaluate its position and act as clarity emerges on impact of the ruling.

The amount shown in respect of above items represent the best possible estimates arrived at on basis of available information. The timing of cash flows will be determinable only on receipt of judgement / decisions pending with various forums / authorities.

The Group does not expect any reimbursements in respect of the above contingent liabilities except for certain matters as per the terms of Shareholders' Agreement dated November 03, 2023 relating to Maini Precision Products Limited, refer note 44.

4: Commitments

Capital Commitments

Capital expenditure contracted for at the end of the each period but not recognised as liabilities is as follows:

	As at March 31, 2025	As at March 31, 2024
Property, plant and equipment (net of capital advances)	2,802.95	4,525.95

5: Capital risk management

(a) The Group aims to manage its capital efficiency to safeguard its ability to continue as going concern and optimise return to the shareholders.

The capital structure of the Group is based on management judgement of the appropriate balance of key element in order to meet its strategic and day to day needs. The management considers the amount of capital in proportion to risk and manage the capital structure in light of changes in economic conditions and risk characteristics of the underlying asset. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, or issue new shares.

The Group's policy is to maintain a stable and strong capital structure with focus on total equity so as to maintain stakeholder confidence and to sustain future development and growth of its business. The Group will take appropriate steps in order to maintain, or if necessary adjust, its capital structure. The Group's management monitors the return on capital as well as the level of dividends to shareholders.

The Group monitors the gearing ratio to evaluate debt leveraging and to ensure debts are maintained at the acceptable level.

The gearing ratio were as follows:

	As at March 31, 2025	As at March 31, 2024
Net Debt *	95,721.18	86,788.08
Total Equity	81,674.15	79,229.57
Net Debt to total equity	1.17	1.10

* Includes borrowings, lease liabilities, interest accrued thereon which is compensated by cash and cash equivalents and deposits with bank pertaining to debentures.

(b) The Group has not paid any dividend for the current year as well as previous year.

6: Interests in other entities

The Consolidated Financial Statements present the consolidated accounts of the Group with its following Subsidiaries:

A. Subsidiary

The details of the Group's subsidiaries are set out below. Its share capital consists solely of equity shares that are held directly by the Group, and the proportion of ownership interests held equals the voting rights held by the Group. The country of incorporation or registration is also their principal place of business.

Name	Country ofIncorporation / Principal activities	As on March 31, 2025	As on March 31, 2024
Subsidiary :			
JK Talabot Limited (JKTL)	India / Tools and Hardware

C. There are no transactions with NCI during the year covered under Consolidated Financial Statements.

7: Additional and regulatory information required by Schedule III

(i) Details of benami property held

No proceedings have been initiated on or are pending against the Group for holding benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and Rules made thereunder.

(ii) Valuation of Property Plant & Equipment and intangible asset

The Group has not revalued its property, plant and equipment (including right-of-use assets) or intangible assets or both.

(iii) Wilful defaulter

None of the entities in the Group have been declared wilful defaulter by any bank or financial institution or government or any government authority.

(iv) Relationship with struck off companies

The Group has no transactions with the companies struck off under Companies Act, 2013 or Companies Act, 1956.

(v) Compliance with number of layers of companies

The Group has complied with the number of layers prescribed under the Companies Act, 2013.

(vi) Compliance with approved scheme(s) of arrangements

The Group has entered into a scheme of arrangement which does not have an accounting impact on current or previous year.

(vii) Utilisation of borrowed funds and share premium

The Group has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (Ultimate Beneficiaries) or

b. provide any guarantee, security or the like to or on behalf of the ultimate beneficiaries;

The Group has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

a. directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or

b. provide any guarantee, security or the like on behalf of the ultimate beneficiaries;

(viii) Details of crypto currency or virtual currency

The Group has not traded or invested in crypto currency or virtual currency during the current or previous year.

8: The Board of Directors of the Company have approved a Composite Scheme of Arrangement between the Company, Ring Plus Aqua Limited (“RPAL”), Maini Precision Products Limited (“MPPL”), JK Maini Precision Technology Limited and JK Maini Global Aerospace Limited (‘the Scheme’) under the provisions of Sections 230 to 232 read with Section 66 and other applicable provisions of the Companies Act, 2013 and the rules framed thereunder, subject to the requisite regulatory approvals. Considering the pending regulatory approvals, impact of the Scheme has not been taken in these financial statements.

Exceptional items

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
		(Refer note no (i) below)
Voluntary retirement benefits	-	2,166.59
Restructuring expenses (related to plant closure)	-	148.64
Restructuring and Acquisition Expenses	-	1,084.50
Total	-	3,399.73

(i) 1) During the year ended March 31, 2024, the Group had closed operations in its plant situated at Ratnagiri, whereby:

a) Voluntary Retirement Scheme ("VRS") was offered to its employees at the plant. The schemes were operative between May 03, 2023 to May 10, 2023 and September 01, 2023 to September 07, 2023. Pursuant to which, compensation to its employees amounting to Rs. 1,864.53 lakhs were incurred and paid.

b) Restructuring expenses (other expenditure directly related to VRS and plant closure), aggregating to Rs. 148.64 lakhs were incurred.

2) During the year ended March 31, 2024, Ring Plus Aqua Limited ("RPAL")(subsidiary company) offered 'voluntary retirement benefits' (VRS scheme) to its eligible employees. The scheme were operative between 19th June 2023 to 23rd June 2023 and 8th June 2023 to 16th June 2023, pursuant to which, compensation to its employees amounting Rs. 302.06 lakhs were incurred and paid.

3) RPAL had incurred certain costs relating to acquisition of MPPL and restructuring cost towards consolidation of group’s engineering business amounting to Rs. 1,084.50 lakhs.

Note 1. Statement of Accounting Policies

I Background and Basis of preparation of Consolidated Financial Statements

JK Files & Engineering Limited (“the Company”) is a public company limited by shares and domiciled in India. The Company and its subsidiaries (together referred to as “the Group” Refer Note 41) deals in tools and hardware, auto component , aerospace components and other related products. The Group have manufacturing facilities at Chiplun, Ratnagiri, Nasik, Vapi and Bengaluru. The Registered office of the Company is situated at Mumbai. Refer Note 44 for acqusition of Maini Precision Products Limited and Note 46 - (i) 1 for closure of Ratnagiri Plant of the Company.

This Consolidated Financial Statements were authorised for issues in accordance with a resolution of the Board of Directors on May 07, 2025.

(a) Basis of Preparation

(i)The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'IndAS' as notified under pursuant to section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting standards) Rules, 2015, as amended], and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statement.

(ii) Historical cost convention

The Consolidated Financial Statements have been prepared on a historical cost basis, except for the following:

1) certain financial assets and liabilities (including derivative instruments) are measured at fair value;

2) assets held for sale – measured at lower of book value or fair value less cost to sell; and

3) defined benefit plans – plan assets measured at fair value.

4) share based payments

(iii) New and amended standards adopted by the Group

The Ministry of Corporate Affairs vide notification dated September 09, 2024 and September 28, 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended/ notified certain accounting standards (see below), and are effective for annual reporting periods beginning on or after 1 April 2024:

1) Insurance contracts - Ind AS 117; and

2) Lease Liability in Sale and Leaseback – Amendments to Ind AS 116

These amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(iv) Current / non-current classification

All assets and liabilities have been classified as current or non-current as per the normal operating cycle (twelve months) and other criteria set out in the Schedule III (Division II) to the Act.

(v) Rounding of amounts

All the amounts included in the Consolidated Financial Statements are presented in Indian Rupees (‘Rupees’ or ‘Rs.’ or ‘INR’) and are rounded to the nearest lakhs with two decimal places, unless otherwise stated.

(b) Principles of Consolidation

Subsidiaries:

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combination by the Group. The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter-company transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries are the same as those adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Consolidated Balance Sheet respectively.

II Summary of material accounting policies

(a) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income / other expenses.

Depreciation methods, estimated useful lives and residual value

Depreciation on Factory Buildings and Plant and Machinery is provided on a Straight Line Method and in case of other assets on Written Down Value Method, net of their residual values, over the estimated useful lives of assets. Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The Group depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and Group believe that useful lives of assets are same as those prescribed in Schedule II of the Act, except for plant and machinery and certain vehicles, the useful life for which based on an independent technical evaluation and has been estimated as 24 years from the date of acquisition (on a single shift basis) and 5 years respectively, which is different from that prescribed in Schedule II of the Act.

The estimated useful lives of the property, plant and equipment are:

Class of Asset	Useful life
Buildings	60 years
Plant and machinery	24 years
Furniture and fixtures	10 years
Vehicles	5 - 8 years
Office equipment	5 years
Computers	3 years

The residual values are not more than 5% of the original cost of the asset. The residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(b) Intangible assets

Goodwill generated as part of business combination is not amortised but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

Computer software

Computer softwares are stated at cost, less accumulated amortisation and impairments, if any.

Trademarks

Trademarks acquired separately are shown at historical cost. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Customer relationships, technical knowhow and non compete

Customer relationships, technical knowhow and non compete acquired in a business combination are recognised at fair value at acquisition date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Amortisation method

The Group amortizes intangible assets with a finite useful life using the straight-line method over following period:

Class of assets Useful life

- Computer Software : 3 years

- Trademark : 10 years

- Customer relationships : 20 years

- Technical knowhow : 10 years

- Non Compete : 5 years

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income / other expenses.

(c) Inventories

Inventories of raw materials, stock in trade, stores and spares, work-in-progress, and finished goods are stated at cost or net realisable value, whichever is lower'. Cost of raw materials, stores and spare and stock-in-trade comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Cost formula used is 'Weighted Average cost'. Slow-moving, non-moving and defective inventories are identified and wherever necessary, provision is made for such inventories considering various factors such as likely usage, obsolescence etc. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(d) Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business and reflects the Company's unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

The Group applies the simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(e) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the profit or loss over the year of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the year of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income other expenses.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Preference shares, which are non-convertible and redeemable on a specific date and carry a coupon rate which is not market driven rate, are classified as compound financial instruments.

The fair value of the liability portion is determined using a market interest rate. This amount is recorded as a liability on an amortised cost basis until extinguished on redemption of the preference shares. The remainder of the proceeds is attributable to the equity component of the compound instrument. This is recognised and included in Other equity, net of income tax effects, and not subsequently measured.

(f) Revenue from contracts with customers

(i) Sale of Goods

Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transferred to the customer and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for the acceptance have been satisfied.

The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period. Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur. A refund liability (included in other current liabilities) is recognised for expected volume discounts payable to customers in relation to sales made until the end of the reporting period. No significant element of financing is deemed present as the sales are made with a normal credit period, which is consistent with market practice.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Sales of Services

Revenue from sale of services is recognised in the accounting period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided.

For contracts - where performance obligation is satisfied over time, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided.

For contracts - where performance obligation is satisfied at a point in time, revenue is recognised based based on the completion of service as per the terms of the contract and the Company has established its right for payment.

(iii) Financing Components

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

(iv) Cash received before the goods and services are delivered is recognised as a contract liability.

III Other Accounting Policies

(a) Use of estimates and judgments
The estimates and judgments used in the preparation of the Consolidated Financial Statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(b) Leases

As a lessee

Leases are recognised as a right-of-use asset (“ROU”) and a corresponding lease liability at the date at which leased asset is available for use by the Group for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term leases and leases of low value assets, the Group recognises the lease payments as an expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and restoration costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments which includes principal and finance cost component. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

To determine the incremental borrowing rate, the Group where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in the Statement of Profit and Loss.

(c) Cash and Cash Equivalents

For the purpose of presentation in the Consolidated Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(d) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of the reporting period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(e) Investments and other financial assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss,) and

* those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Recognition

Financial assets are initially recognised when the Group becomes party to the contractual provisions of the instrument.

(iii) Measurement

At initial recognition, the Company measures a financial asset (excluding trade receivables which do not contain a significant financing component) at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Equity instruments::

The Group subsequently measures all equity instruments at fair value. Changes in the fair value are recognised in Other Income.

Debt instruments:

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. The Group measures its debt instruments in following categories:

- Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included within other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / other expenses. Impairment losses are presented as separate line item in the statement of profit and loss.

- Fair value through profit and loss: Assets that do not meet the criteria for amortised cost are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net with other income / other expenses in the period in which it arises.

(iv) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(v) Derecognition of financial assets

A financial asset is derecognised only when:

• the Group has transferred the rights to receive cash flows from the financial asset or

• retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(vi) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Dividends

Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

(f) Contributed Equity

Equity shares are classified as equity. Convertible instruments such as preference shares that will be or are expected to be settled in the Company’s own equity instruments are classified as equity if they are expected to be settled into a fixed number of equity shares.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(g) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(h) Derivative financial instruments

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as ‘held for trading’ for accounting purposes and are accounted for at FVPL. They are presented as current assets or liabilities to the extent they are expected to be settled within 12 months after the end of the reporting period.

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

(i) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

(j) Borrowing costs

Interest and other borrowing costs attributable to the acquisition, construction or production of a qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other interest and borrowing costs are charged to profit or loss.

(k) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management’s best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense in profit or loss.

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Material contingent liabilities are disclosed in the Consolidated Financial Statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the Consolidated Financial Statements unless it is virtually certain that the future event will confirm the asset’s existence and the asset will be realised.

(l) Employee benefits

(i) Short-term Employee Benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees’ services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Defined Contribution Plans

The Group pays provident fund contributions etc. to publicly administered provident and other funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are incurred.

(iii) Post-employment obligations

Defined Benefit Plans

The liability or asset recognised at each the balance sheet date in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by

reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Consolidated Statement of Profit or Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in profit or loss as past service cost.

(iv) Other long-term employee benefit obligations

The liabilities for compensated absences are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(v) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits at the earlier of the following dates: (a) when the Group can no longer withdraw the offer of those benefits; and (b) when the Group recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(m) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of each of the Group’s entities are measured using the currency of the primary economic environment in which the entity operates (‘the functional currency’). The Consolidated Financial Statements are presented in Indian rupee (INR), which is JK Files & Engineering Limited's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the respective transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in profit or loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in profit or loss.

(n) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the jurisdiction where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the Consolidated Financial Statements. However, deferred tax liabilities are not accounted if they arise from initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related defer income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiary, where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(o) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(p) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the Managing Director.

The board of directors of Company has appointed a Managing Director who assesses the financial performance and position of the Group, and makes strategic decisions.

(q) Impairment of non-financial assets:

Goodwill is not subject to amortisation and is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(r) Non- current assets (or disposal groups) held for sale :

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (or disposal groups) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

(s) Exceptional Item:

Exceptional item is an item of income or expense within the Statement of Profit and Loss, which is of such size, nature and incidence that its disclosure is relevant to explain the performance of the Group for the period. The nature and amount of such item is disclosed separately in the Statement of Profit and Loss.

(t) Government Grants:

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to income are deferred and recognised in profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

(u) Business Combinations:

The acquisition method of accounting is used to account for all business combinations (other than common control business combinations), regardless of whether equity instruments or other assets are acquired. The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another. The excess of the consideration transferred over the fair value of the net identifiable assets acquired is recorded as goodwill. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognised in shareholder’s equity.

IV Critical estimates and judgements

The preparation of Consolidated Financial Statements requires the use of accounting estimates which by definition will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Consolidated Financial Statements.

The areas involving critical estimates are:

-Estimation of Defined benefit obligation - Measurement of defined benefit obligation and related plans require numerous assumptions and estimates that can have a significant impact on the recognized costs and obligation, such as future salary level, discount rate, attrition rate and mortality. (Refer Note 30)

-Inventory write down - Inventory write downs are assessed based on slow-moving, non-moving and defective inventories considering various factors such as likely usage, obsolescence etc. (Refer Note 8)

-Impairment assessment of goodwill and other intangible assets

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

Note 1. Statement of Accounting Policies

I Background and Basis of preparation of Consolidated Financial Statements

JK Files & Engineering Limited (“the Company”) is a public company limited by shares and domiciled in India. The Company and its subsidiaries (together referred to as “the Group” Refer Note 41) deals in tools and hardware, auto component , aerospace components and other related products. The Group have manufacturing facilities at Chiplun, Ratnagiri, Nasik, Vapi and Bengaluru. The Registered office of the Company is situated at Mumbai. Refer Note 44 for acqusition of Maini Precision Products Limited and Note 46 - (i) 1 for closure of Ratnagiri Plant of the Company.

This Consolidated Financial Statements were authorised for issues in accordance with a resolution of the Board of Directors on May 07, 2025.

(a) Basis of Preparation

(i)The consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'IndAS' as notified under pursuant to section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting standards) Rules, 2015, as amended], and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statement.

(ii) Historical cost convention

The Consolidated Financial Statements have been prepared on a historical cost basis, except for the following:

1) certain financial assets and liabilities (including derivative instruments) are measured at fair value;

2) assets held for sale – measured at lower of book value or fair value less cost to sell; and

3) defined benefit plans – plan assets measured at fair value.

4) share based payments

(iii) New and amended standards adopted by the Group

The Ministry of Corporate Affairs vide notification dated September 09, 2024 and September 28, 2024 notified the Companies (Indian Accounting Standards) Second Amendment Rules, 2024 and Companies (Indian Accounting Standards) Third Amendment Rules, 2024, respectively, which amended/ notified certain accounting standards (see below), and are effective for annual reporting periods beginning on or after 1 April 2024:

1) Insurance contracts - Ind AS 117; and

2) Lease Liability in Sale and Leaseback – Amendments to Ind AS 116

These amendments did not have any material impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

(iv) Current / non-current classification

All assets and liabilities have been classified as current or non-current as per the normal operating cycle (twelve months) and other criteria set out in the Schedule III (Division II) to the Act.

(v) Rounding of amounts

All the amounts included in the Consolidated Financial Statements are presented in Indian Rupees (‘Rupees’ or ‘Rs.’ or ‘INR’) and are rounded to the nearest lakhs with two decimal places, unless otherwise stated.

(b) Principles of Consolidation

Subsidiaries:

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combination by the Group. The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter-company transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries are the same as those adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the Consolidated Statement of Profit and Loss, Consolidated Statement of Changes in Equity and Consolidated Balance Sheet respectively.

II Summary of material accounting policies

(a) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income / other expenses.

Depreciation methods, estimated useful lives and residual value

Depreciation on Factory Buildings and Plant and Machinery is provided on a Straight Line Method and in case of other assets on Written Down Value Method, net of their residual values, over the estimated useful lives of assets. Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The Group depreciates its property, plant and equipment over the useful life in the manner prescribed in Schedule II of the Act, and Group believe that useful lives of assets are same as those prescribed in Schedule II of the Act, except for plant and machinery and certain vehicles, the useful life for which based on an independent technical evaluation and has been estimated as 24 years from the date of acquisition (on a single shift basis) and 5 years respectively, which is different from that prescribed in Schedule II of the Act.

The estimated useful lives of the property, plant and equipment are:

Class of Asset	Useful life
Buildings	60 years
Plant and machinery	24 years
Furniture and fixtures	10 years
Vehicles	5 - 8 years
Office equipment	5 years
Computers	3 years

The residual values are not more than 5% of the original cost of the asset. The residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

(b) Intangible assets

Goodwill generated as part of business combination is not amortised but is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, which in our case are the operating segments.

Computer software

Computer softwares are stated at cost, less accumulated amortisation and impairments, if any.

Trademarks

Trademarks acquired separately are shown at historical cost. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Customer relationships, technical knowhow and non compete

Customer relationships, technical knowhow and non compete acquired in a business combination are recognised at fair value at acquisition date. They have a finite useful life and are subsequently carried at cost less accumulated amortisation and impairment losses.

Amortisation method

The Group amortizes intangible assets with a finite useful life using the straight-line method over following period:

Class of assets Useful life

- Computer Software : 3 years

- Trademark : 10 years

- Customer relationships : 20 years

- Technical knowhow : 10 years

- Non Compete : 5 years

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within other income / other expenses.

(c) Inventories

Inventories of raw materials, stock in trade, stores and spares, work-in-progress, and finished goods are stated at cost or net realisable value, whichever is lower'. Cost of raw materials, stores and spare and stock-in-trade comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Cost formula used is 'Weighted Average cost'. Slow-moving, non-moving and defective inventories are identified and wherever necessary, provision is made for such inventories considering various factors such as likely usage, obsolescence etc. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(d) Trade Receivables

Trade receivables are amounts due from customers for goods sold or services performed in the ordinary course of business and reflects the Company's unconditional right to consideration (that is, payment is due only on the passage of time). Trade receivables are recognised initially at the transaction price as they do not contain significant financing components. The Company holds the trade receivables with the objective of collecting the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest method, less loss allowance.

The Group applies the simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(e) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the profit or loss over the year of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the year of the facility to which it relates.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income other expenses.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

Preference shares, which are non-convertible and redeemable on a specific date and carry a coupon rate which is not market driven rate, are classified as compound financial instruments.

The fair value of the liability portion is determined using a market interest rate. This amount is recorded as a liability on an amortised cost basis until extinguished on redemption of the preference shares. The remainder of the proceeds is attributable to the equity component of the compound instrument. This is recognised and included in Other equity, net of income tax effects, and not subsequently measured.

(f) Revenue from contracts with customers

(i) Sale of Goods

Sales are recognised when the control of the goods has been transferred to customer which is generally on delivery of goods and there is no unfulfilled obligation that could affect the customer's acceptance of the product. Delivery occurs when the products have been shipped to the specific location, risk of obsolescence and loss have been transferred to the customer and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for the acceptance have been satisfied.

The goods are sold with retrospective volume discounts based on aggregate sales over a 12 months period. Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that is highly probable that a significant reversal will not occur. A refund liability (included in other current liabilities) is recognised for expected volume discounts payable to customers in relation to sales made until the end of the reporting period. No significant element of financing is deemed present as the sales are made with a normal credit period, which is consistent with market practice.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

(ii) Sales of Services

Revenue from sale of services is recognised in the accounting period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided.

For contracts - where performance obligation is satisfied over time, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided.

For contracts - where performance obligation is satisfied at a point in time, revenue is recognised based based on the completion of service as per the terms of the contract and the Company has established its right for payment.

(iii) Financing Components

The Group does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

(iv) Cash received before the goods and services are delivered is recognised as a contract liability.

III Other Accounting Policies

(a) Use of estimates and judgments
The estimates and judgments used in the preparation of the Consolidated Financial Statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(b) Leases

As a lessee

Leases are recognised as a right-of-use asset (“ROU”) and a corresponding lease liability at the date at which leased asset is available for use by the Group for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term leases and leases of low value assets, the Group recognises the lease payments as an expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs and restoration costs. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments which includes principal and finance cost component. Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

To determine the incremental borrowing rate, the Group where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in the Statement of Profit and Loss.

(c) Cash and Cash Equivalents

For the purpose of presentation in the Consolidated Statement of Cash Flows, cash and cash equivalents includes cash on hand, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

(d) Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of the reporting period which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

(e) Investments and other financial assets

(i) Classification

The Group classifies its financial assets in the following measurement categories:

* those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss,) and

* those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Recognition

Financial assets are initially recognised when the Group becomes party to the contractual provisions of the instrument.

(iii) Measurement

At initial recognition, the Company measures a financial asset (excluding trade receivables which do not contain a significant financing component) at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Equity instruments::

The Group subsequently measures all equity instruments at fair value. Changes in the fair value are recognised in Other Income.

Debt instruments:

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. The Group measures its debt instruments in following categories:

- Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included within other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / other expenses. Impairment losses are presented as separate line item in the statement of profit and loss.

- Fair value through profit and loss: Assets that do not meet the criteria for amortised cost are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

A gain or loss on debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net with other income / other expenses in the period in which it arises.

(iv) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(v) Derecognition of financial assets

A financial asset is derecognised only when:

• the Group has transferred the rights to receive cash flows from the financial asset or

• retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(vi) Income recognition

Interest income

Interest income from debt instruments is recognised using the effective interest rate method to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Dividends

Dividends are recognised as other income in profit or loss when the right to receive payment is established. This applies even if they are paid out

of pre-acquisition profits, unless the dividend clearly represents a recovery of part of the cost of the investment.

(f) Contributed Equity

Equity shares are classified as equity. Convertible instruments such as preference shares that will be or are expected to be settled in the Company's own equity instruments are classified as equity if they are expected to be settled into a fixed number of equity shares.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

(g) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(h) Derivative financial instruments

Derivatives are only used for economic hedging purposes and not as speculative investments. However, where derivatives do not meet the hedge accounting criteria, they are classified as 'held for trading' for accounting purposes and are accounted for at FVPL. They are presented as current assets or liabilities to the extent they are expected to be settled within 12 months after the end of the reporting period.

Derivatives are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period.

(i) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

(j) Borrowing costs

Interest and other borrowing costs attributable to the acquisition, construction or production of a qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. Other interest and borrowing costs are charged to profit or loss.

(k) Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense in profit or loss.

A contingent liability is a possible obligation that arises from a past event, with the resolution of the contingency dependent on uncertain future events, or a present obligation where no outflow is probable. Material contingent liabilities are disclosed in the Consolidated Financial Statements unless the possibility of an outflow of economic resources is remote. Contingent assets are not recognized in the Consolidated Financial Statements unless it is virtually certain that the future event will confirm the asset's existence and the asset will be realised.

(l) Employee benefits

(i) Short-term Employee Benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Defined Contribution Plans

The Group pays provident fund contributions etc. to publicly administered provident and other funds as per local regulations. The Group has no

further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are incurred.

(iii) Post-employment obligations

Defined Benefit Plans

The liability or asset recognised at each the balance sheet date in respect of defined gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by actuary applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Consolidated Statement of Profit or Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments as calculated by actuary are recognised immediately in profit or loss as past service cost.

(iv) Other long-term employee benefit obligations

The liabilities for compensated absences are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. An actuarial valuation is obtained at the end of reporting period. The present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(v) Termination benefits

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits at the earlier of the following dates: (a) when the Group can no longer withdraw the offer of those benefits; and (b) when the Group recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

(m) Foreign currency translation

(i) Functional and presentation currency

Items included in the financial statements of each of the Group’s entities are measured using the currency of the primary economic environment in which the entity operates (‘the functional currency’). The Consolidated Financial Statements are presented in Indian rupee (INR), which is JK Files & Engineering Limited's functional and presentation currency.

(ii) Transactions and balances

Transactions in foreign currencies are recognised at the prevailing exchange rates on the respective transaction dates. Realised gains and losses on settlement of foreign currency transactions are recognised in profit or loss.

Monetary foreign currency assets and liabilities at the year-end are translated at the year-end exchange rates and the resultant exchange differences are recognised in profit or loss.

(n) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the jurisdiction where the Company and its subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation and considers whether it is probable that a taxation authority will accept an uncertain tax treatment. The Group measures its tax balances either based on the most likely amount or the expected value, depending on which method provides a better prediction of the resolution of the uncertainty.

Deferred income tax is provided in full, using the liability method on temporary differences arising between the tax bases of assets and liabilities and their carrying amount in the Consolidated Financial Statements. However, deferred tax liabilities are not accounted if they arise from initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from the initial recognition of an asset or liability in a transaction other than a business combination that at the time of transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are excepted to apply when the related defer income tax assets is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiary, where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and where the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

(o) Earnings Per Share

Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Group

- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(p) Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the Managing Director.

The board of directors of Company has appointed a Managing Director who assesses the financial performance and position of the Group, and makes strategic decisions.

(q) Impairment of non-financial assets:

Goodwill is not subject to amortisation and is tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset’s carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset’s fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(r) Non- current assets (or disposal groups) held for sale :

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale

transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (or disposal groups) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

(s) Exceptional Item:

Exceptional item is an item of income or expense within the Statement of Profit and Loss, which is of such size, nature and incidence that its disclosure is relevant to explain the performance of the Group for the period. The nature and amount of such item is disclosed separately in the Statement of Profit and Loss.

(t) Government Grants:

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grants relating to income are deferred and recognised in profit or loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

(u) Business Combinations:

The acquisition method of accounting is used to account for all business combinations (other than common control business combinations), regardless of whether equity instruments or other assets are acquired. The acquisition date is the date on which control is transferred to the acquirer. Judgement is applied in determining the acquisition date and determining whether control is transferred from one party to another. The excess of the consideration transferred over the fair value of the net identifiable assets acquired is recorded as goodwill. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Business combinations arising from transfers of interests in entities that are under the common control are accounted for using the pooling of interest method. The difference between any consideration transferred and the aggregate historical carrying values of assets and liabilities of the acquired entity are recognised in shareholder’s equity.

IV Critical estimates and judgements

The preparation of Consolidated Financial Statements requires the use of accounting estimates which by definition will seldom equal the actual results.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the Consolidated Financial Statements.

The areas involving critical estimates are:

-Estimation of Defined benefit obligation - Measurement of defined benefit obligation and related plans require numerous assumptions and estimates that can have a significant impact on the recognized costs and obligation, such as future salary level, discount rate, attrition rate and mortality. (Refer Note 30)

-Inventory write down - Inventory write downs are assessed based on slow-moving, non-moving and defective inventories considering various factors such as likely usage, obsolescence etc. (Refer Note 8)

-Impairment assessment of goodwill and other intangible assets

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Group and that are believed to be reasonable under the circumstances.

Textual information (23): Disclosure of business combinations [Text Block]

Business Combination

Ring Plus Aqua Limited had completed the acquisition of Maini Precision Products Limited (“MPPL”) on March 28, 2024, whereby it had acquired 59.25% stake for a consideration of Rs. 68,208.51 lakhs, pursuant to which MPPL became part of the Group.

The acquisition was carried out to create a strong opportunity of scale in the global precision manufacturing and assembly space and unlock synergies.

The acquisition was accounted for as a business combination using the acquisition method of accounting in accordance with Ind AS 103 'Business Combinations' in consolidated financial statements for the year ended March 31, 2024.

For the preparation of Consolidated Financial Statements, while the Group acquired control over MPPL with effect from March 28, 2024, the Group had considered March 31, 2024 as the acquisition date of MPPL considering the transactions and events between March 31,2024 i.e . ‘convenience date’ and March 28, 2024 i.e . ‘actual acquisition date’ are insignificant for the Group and therefore MPPL was considered for consolidation w.e.f . March 31, 2024. Accordingly, the Consolidated Balance Sheet of the Group includes financial position in relation to the MPPL as at March 31, 2024 and Consolidated Statement of Profit and Loss for the year ended March 31,2024 does not include financial operation in relation to the MPPL considering consolidation being done from March 31, 2024.

As per Ind AS 103 'Business Combinations', purchase price was provisionally allocated to the assets acquired and liabilities assumed based on the estimated fair values at the date of acquisition. The excess of the purchase price over the fair value of the net assets acquired was allocated to goodwill. The purchase price allocation was done by an independent registered valuer and the allocation was approved by the board in its meeting dated May 02, 2024.

Financial Instruments by category

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

1. Fair value of trade receivables, cash and cash equivalent, other bank balances, other current financial asset (other than derivatives), current loans, trade payable, current borrowings and other current financial liabilities (other than derivatives) approximate their carrying amounts largely due to short term maturities of these instruments.

2. Financial instruments with fixed and variable interest rates are evaluated by the Group based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

3. For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

4. All borrowings of the Group carry variable rate of interest and hence, the fair value of such instruments is equivalent to their carrying amounts.

5. With respect to non current security deposits which are interest bearing as these are driven by market driven rate of interest, the fair value are considered to be equivalent to its carrying value. With respect to other non current deposits and interest free loan, considering the amounts involved are not significant, accordingly fair value of such instruments is not materially different from their carrying amounts.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Valuation Technique used to determine fair value

- the use of quoted market prices for quoted shares

- the quoted market prices in active markets for identical investments

- the fair value of forward exchange contracts is determined using forward exchange rates at the reporting date.

Refer 2024-25

Textual information (31): Disclosure of nature and extent of risks arising from financial instruments [Text Block]

Financial risk management

The Group’s activities expose it to credit risk, liquidity risk and market risk. The Group’s financial risk management process seeks to enable the early identification, evaluation and effective management of key risks facing the business. The Group financial risk management is set by the Working Board comprising of MD, CFO and various head of departments. The policies and procedures issued by appropriate authorities; process of regular internal reviews/audits to set appropriate risk limits and controls are monitored by higher authorities and approved by senior management. This note explains the sources of risk which the Group is exposed to and how the Group manages the risk and the related impact in the financial statements.

A) Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, foreign currency risk and price risk. The Group has in place appropriate risk management policies to limit the impact of these risks on its financial performance. The Group ensures optimization of cash through fund planning and robust cash management practices.

a) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Group's position with regards to interest income and interest expenses and to manage the interest rate risk, the Group performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting year was outstanding for the whole year.

Exposure to interest rate risk

Particulars	As at March 31, 2025	As at March 31, 2024
Total borrowings (non-current and current)	92,272.56	85,802.85
Borrowings bearing variable rate of interest	91,432.65	85,038.19
% of Borrowings bearing variable rate of interest	99%	99%

Interest rate sensitivity

A change of 50 bps in interest rates would have following impact on profit before tax

	Year ended March 31, 2025	Year ended March 31, 2024
50 bp increase would decrease the profit before tax by	457.16	425.19
50 bp decrease would Increase the profit before tax by	(457.16)	(425.19)

b) Foreign Currency risk

The Group operates internationally and portion of the business is transacted in several currencies and consequently the Group is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Foreign currency exchange rate exposure is partly balanced by foreign exchange forward contracts in the respective currencies.

c) Price risk

Exposure

Security price risk is the risk that the fair value of a financial instrument will fluctuate due to change in market traded prices. The Group invests its surplus funds primarily in liquid schemes of mutual funds (debt instruments) which are categorised as low risk products from liquidity and interest rate perspectives. The carrying amount of the Group's investments are designated as at fair value through profit or loss at the end of the reporting period.

Sensitivity

The analysis below is based on the assumption that the index has increased by 10 % or decreased by 10 % with all other variables held constant, and that the Group’s equity instrument moved in line with the index.

	Year ended March 31, 2025	Year ended March 31, 2024
BSE Sensex 50- Increase 10% *	-	0.06
BSE Sensex 50- Decrease 10% *	-	(0.06)

* Holding all other variables constant

B) Credit risk

Credit risk is the risk that a counterparty fails to discharge its obligation to the Group.

The Group is exposed to credit risk from its operating activities (primarily trade receivables), deposit with banks, derivative financial instruments, investments, loan to employee and security deposits. Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis.

Cash and cash equivalent and other bank balances

Credit risk related to cash and cash equivalents is managed by accepting highly rated banks. Management does not expect any losses from non-performance by these counterparties.

Other financial assets measured at amortized cost

Other financial assets measured at amortized cost includes bank deposits, loans and other receivables. Credit risk related to these assets are managed by monitoring the recoverability of such amounts continuously, while at the same time the internal control system in place ensures that amounts are within defined limits. Considering the amounts involved are not significant, the expected credit loss on these financial instruments is expected to be insignificant.

Trade and other receivables

The Group has used a practical expedient by computing the expected credit loss allowance for trade receivables based on a provision matrix. The provision matrix takes into account historical credit loss experience and adjusted for forward-looking information. The expected credit loss allowance is based on the ageing of the days for which the receivables are due and the expected loss rates have been computed based on ageing

Investments

The Group investment is limited as Group generally deals with banks and financial institutions with high credit ratings assigned by credit rating agencies. Investments primarily include investment in liquid mutual.

i) Movement in allowances for expected credit losses on trade receivables

	As at March 31, 2025	As at March 31, 2024
As at beginning of the year	654.53	399.45
Add / (Less):- Changes in loss allowances	124.32	23.94
Addition pursuant to business combination (Refer Note 44)	-	231.14
As at end of the year	778.85	654.53

-

	Expected credit loss %	
Ageing	As at March 31, 2025	As at March 31, 2024
Not Due	0%	0%
0-90 days	0% - 2%	0%
91-180 days	0% - 29%	0% - 2%
181-270 days	25% - 100%	25% - 100%
271-360 days	65% - 100%	100%
more than 360 days	100%	100%

C) Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time, or at a reasonable price. The Group's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

(i) Financing arrangements

The Group had access to following undrawn Borrowing facilities at end of reporting period:

	As at March 31, 2025	As at March 31, 2024
Variable rate borrowing - cash credit (expires within 1 year)	9,231.34	11,725.86

The cash credit facilities may be drawn at any time and be terminated by bank without notice. Subject to satisfactory credit ratings, these facilities may be drawn at any time in INR.

Maturities of financial liabilities

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

	As at March 31, 2025				
	On demand	Less than 1 year	1-5 years	More than 5 years	Total
Non current borrowings (Including interest and current maturity of long term borrowing)	-	10,193.14	69,208.32	10,907.73	90,309.19
Current borrowings (including Interest Accrued)	609.50	34,616.83	-	-	35,226.33
Trade payable #	-	24,426.83	-	-	24,426.83
Lease liabilities	-	806.97	4,270.27	4,046.20	9,123.44
Deposits from dealers, agents etc.	511.25	113.01	-	-	624.26
Other financial liabilities (excluding Interest, Deposits from dealers, agents etc.)	-	4,197.64	3.44	-	4,201.08
Total	1,120.75	74,354.42	73,482.03	14,953.94	1,63,911.13

-

	As at March 31, 2024				
	On demand	Less than 1 year	1-5 years	More than 5 years	Total
Non current borrowings (Including interest and current maturity of long term borrowing)	-	4,712.15	45,563.03	12,288.00	62,563.18
Current borrowings (including Interest Accrued)	5,995.81	26,991.99	-	-	32,987.80
Trade payable #	-	26,996.14	-	-	26,996.14
Lease liabilities	-	908.54	3,224.34	46.63	4,179.51
Deposits from dealers, agents etc.	487.07	81.22	-	-	568.29
Other financial liabilities (excluding Interest, Deposits from dealers, agents etc.)	-	3,896.46	3.44	-	3,899.90
Total	6,482.88	63,586.50	48,790.81	12,334.63	1,31,194.82

The amounts are payable over a period of 30-90 days as per the credit period with respective vendors.

Leases

This note provides information for leases where the Group is a lessee. The Group has leasehold land ranging from 95 to 99 years. The Group has also leased offices, factories and warehouses for which lease terms range from 11 months to 15 years.

Particulars	As at March 31, 2025	As at March 31, 2024
Lease Liabilities		
Current	649.74	792.22
Non-current	5,133.53	2,653.96
Total	5,783.27	3,446.18

(i) Amounts recognised in the Consolidated Statement of Profit and loss

The consolidated statement of profit or loss shows the following amounts relating to leases:

Particulars	Note	Year ended March 31, 2025	Year ended March 31, 2024
Depreciation of right-of-use assets	27		
- Leasehold Land		6.26	6.27
- Buildings		801.17	194.90
Interest on lease obilgation	26	549.12	136.02
Rent	28(b)	307.99	233.64

(ii) The total cash outflow for leases for the year ended March 31, 2025 Rs. 1,485.39 lakhs; and for the year ended March 31, 2024 was Rs. 554.84 lakhs (including short term lease payments).

(iii) Extension and termination options

Extension and termination options are included in a number of property leases across the Group. These are used to maximise operational flexibility in terms of managing the assets used in the Group's operations. The majority of extension and termination options held are exercisable only by the Group and not by the respective lessor.

Share Based Payments

A. The Company's subsidiary Ring Plus Aqua Limited had instituted Ring Plus Aqua Limited - Employee Stock Option Scheme 2019 (RPAL ESOP 2019), pursuant to the approval of the shareholders of the company at their Extra Ordinary General Meeting held on March 1, 2019. The Option Plan is designed to provide incentives to employees for long term value creation. Participation in the plan is at the board's discretion and no individual has a contractual right to participate in the plan or to receive any guaranteed benefits.

Once vested, the options remain exercisable for a period of one years.

Options are granted under the plan, carry no dividend or voting rights. When exercisable, each option is convertible into one equity share of face value Rs. 10 per share.

Under RPAL ESOP 2019, the RPAL has granted 111,947 stock options for fair value of option determined on the date of grant.

Set out below is a summary of options granted under the plan:

	Year ended March 31, 2025	Year ended March 31, 2024

Opening balance	-	96,397
Exercised during the year	-	-
Granted during the year	-	-
Termination of ESOPs during the year	-	96,397
Forfeited during the year	-	-
Closing balance	-	(96,397)
Vested and exercisable	-	(96,397)

* ESOP was terminated vide Board Resolution dated February 28, 2024.

The model inputs for options granted includes:

Date of grant	April 26, 2019
Number of options granted	111,947
Exercise price per option	Rs. 10.00
Vesting period	Over a period of 4 years from the date of initial public offering (IPO) of RPAL as under : 40% of Options at the time of RPAL's IPO 20% of Options after completing 1 year of RPAL's IPO 20% of Options after completing 2 years of RPAL's IPO 20% of Options after completing 3 years of RPAL's IPO
Exercise period	One year from the date of vesting
Expected Terms	5.9 years
Share Price at grant date	277
Fair value of share options	270.96
Expected Price volatility of the RPAL's Shares	48%
Expected dividend yield	0%
Risk-Free interest rate	7.67%

B. The fair value at grant date is determined using the Black Scholes Model which takes into account the exercise price, the term of the option, the share price at the grant date and expected price volatility of the underlying share, the expected dividend yield and the risk free interest rate for the term of the option.

The total expenses arising from share-based payments transactions recognised in profit or loss as part of employee benefit expense are as follows :

	Year ended March 31, 2025	Year ended March 31, 2024
Employee Stock Option Plan Expenses	-	19.49
Employee Stock Option Plan Reversal	-	(224.63)
Employee Stock Option Plan Expenses / (Reversal)(net)	-	(205.16)

Share based compensation for share based payment was reversed during the year ended March 31, 2024 pursuant to ESOP termination vide Board Resolution dated February 28, 2024.

Post retirement benefit plans

(i) Defined benefit plans - Gratuity

The Group provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied by the number of years of service, subject to ceiling of Rs. 20.00 lakhs. The gratuity plan is funded plan and the Group makes contributions to recognised fund in India.

The amount recognised in the balance sheet and the movements in the net defined benefit obligation over the year are as below:

A.	Balance Sheet	Gratuity	
		As at March 31, 2025	As at March 31, 2024
	Present value of defined benefit obligation	(7,690.93)	(6,915.98)
	Fair value of plan assets	3,478.33	3,618.63
	Net defined benefit obligation	(4,212.60)	(3,297.35)

B. Movements in plan assets and plan liabilities

	As at March 31, 2025			As at March 31, 2024		
	Present value of obligation	Fair value of plan assets	Net	Present value of obligation	Fair value of plan assets	Net
As at beginning of the year	(6,915.98)	3,618.63	(3,297.35)	(3,302.73)	2,835.94	(466.79)
Plan Assets - Recognised #			-	-	6.67	6.67
Current service cost (including past service cost)	(442.53)	-	(442.53)	(167.81)	-	(167.81)

Interest (cost)/ income	(495.86)	260.05	(235.81)	(245.86)	211.64	(34.22)
Remeasurements:						
Return on plan assets excluding actual return on plan asset	-	22.07	22.07	-	8.72	8.72
Gain/(loss) arising from changes in financial assumptions	(125.96)	-	(125.96)	(51.87)	-	(51.87)

Net impact on the Other Comprehensive Income before tax	(346.60)	66.74

E. Assets

	As at March 31, 2025	As at March 31, 2024
Insurer managed fund	3,478.33	3,618.63
Total	3,478.33	3,618.63

F. Significant Estimate: Actuarial assumptions

	As at March 31, 2025	As at March 31, 2024
Financial assumptions		
Discount rate	6.73% ~ 7.00%	7.15% ~ 7.21%
Salary growth rate	7.00% - 8.00%	7.00% - 8.00%
Attrition rate - with respect to Ring Plus Aqua Limited	For Workers 2% For Staff 5% to 15%	For Workers 2% For Staff 5% to 15%

Attrition rate - with respect to Maini Precision Products Limited, based on completed year of service	Less than 5 years 31% 5 or more years 3% Return on plan assets 7.15%	Less than 5 years 31% 5 or more years 3% Return on plan assets 7.15%
Attrition rate - with respect to other entities of group	2.00%	2.00%
Return on plan assets	6.73% ~ 7.00%	7.15% ~ 7.21%

Demographic assumptions

Mortality in Service : Indian Assured Lives Mortality 2012-14 (Urban) Table

G. Significant Estimate: Sensitivity of actuarial assumptions

The sensitivity of the net defined benefit obligation to changes in the weighted key assumptions is:

		As at March 31, 2025		As at March 31, 2024	
	Change in assumption	Increase in assumption having an impact on present value of plan obligation	Decrease in assumption having an impact on present value of plan obligation	Increase in assumption having an impact on present value of plan obligation	Decrease in assumption having an impact on present value of plan obligation
Discount rate	1%	(648.46)	620.75	(582.75)	679.85
Salary growth rate	1%	621.82	(465.16)	590.53	(554.58)
Attrition rate (except for MPPL)	1%	(12.46)	8.85	(4.95)	5.50
Attrition rate (for MPPL)	50%	(71.73)	93.23	(58.46)	75.09

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of each year and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous year.

The weighted average duration of the defined benefit obligation is 7 to 20 years (31 March, 2024 : 7 to 20 years).

H. The defined benefit obligations shall mature after year end March 31, 2025 and March 31, 2024 as follows:

	Defined benefit obligation	
Gratuity :	As at March 31, 2025	As at March 31, 2024
1st year	520.45	493.64
2nd year	511.75	391.57
3rd year	589.17	605.11
4th year	676.15	547.65
5th year	736.20	661.53
Thereafter	13,265.41	12,390.65

Risk Exposure

Interest rate risk: A fall in the discount rate which is linked to the G. Sec. Rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary Risk: The present value of the defined benefit plan liability is calculated by reference to the future salaries of members. As such, an increase in the salary of the members more than assumed level will increase the plan's liability.

Asset volatility Risk:

The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. These are subject to interest rate risk and the fund manages interest rate risk to an acceptable level.

Mortality risk: Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity

risk.

Concentration Risk: Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

(ii) Defined contribution plans :

The Group also has certain defined contribution plans. Contributions are made to provident fund, employees state insurance scheme for employees . The contributions are made to registered provident fund administered by the government. The obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation. The expense recognised during the year towards defined contribution plan is Rs. 1,455.62 lakhs (March 31, 2024 - Rs.453.94 lakhs).

(iii) Compensated absences:

The provision for compensated absences cover the Group’s liability for sick and earned leave, which are classified as other long term benefits and which are actuarially valued at each year end by applying the assumptions referred in ‘(i)(F)’ above.

The entire amount of the provision of Rs. 1,201.98 lakhs (March 31, 2024 - Rs. 979.38 lakhs) is presented as current, since the Group does not have an unconditional right to defer settlement for any of these obligations.

Notes:

(i) The Group has not recognised deferred tax liability in respect of taxable temporary difference associated with its investment in the subsidiaries arising on account of the undistributed profits of the subsidiaries amounting to Rs. 16,863.19 lakhs (March 31, 2024: Rs. 15,964.19 lakhs). The Group believes that it is able to control the timing of reversal of the such taxable temporary differences arising on account of undistributed profits of the subsidiaries and it is probable that such temporary differences will not reverse in the foreseeable future.

(ii) Deferred tax on carried forward business and capital losses as detailed below has not been considered for recognition of deferred tax asset, as their is no certainty around availability of sufficient future taxable profit and capital gains to offset such business and capital losses.

Financial Year (FY)	Nature of Loss	As at March 31, 2025	As at March 31, 2024	Loss Carried forward for upto A. Y.

Textual information (49): Disclosure of entity's operating segments [Text Block]

Segment Information

A. Operating Segments:

The board of directors of the Group has appointed a Managing Director who assesses the position and group's financial performance from a product perspective and which has been identified as an operating segment.

(i) Tools and hardware - The tools and hardware business operates three manufacturing facilities in India with two located at Chiplun and one at Ratnagiri (till September 2023) in Maharashtra , and Vapi in Gujarat, which are primarily involved in the manufacturing of files and drills.

(ii) Auto Components - includes manufacturing of manufacturing of ring gears, flexplates, water pump bearings and filters and includes manufacturing business of precision products including parts for transmissions, engines, hydraulics, power tool, hand primers located in the

industrial belt of Nashik, Maharashtra and Bengaluru in Karnataka.

(iii) Aerospace Segment – includes various precision parts which are used in the manufacture of aircrafts.

The Managing Director uses the following measure to assess the performance of the operating segments.

Segment revenue and results:

The expenses and income which are not directly attributable to any business segment are shown as unallocable expenditure (net of allocable income).

Segment assets and Liabilities:

Segment assets include all operating assets used by the operating segment and mainly consist of property, plant and equipment, trade receivables, inventories and other operating assets. Segment liabilities primarily include trade payable and other liabilities. Common assets and liabilities which can not be allocated to any of the business segments are shown as unallocable assets / liabilities.

Inter segment transfer:

Inter segment revenues are recognised at sales price. The same is based on market price and business risks. Profit or loss on inter segment transfer are eliminated at the group level.

(a) Summary of segment Information is as follows:

	As at March 31, 2025				
Particular	Tools & Hardware	Auto Components	Aero	Inter-Segment Elimination	Total
Segment Revenue					
External Revenue	42,603.47	1,08,639.59	31,143.72	-	1,82,386.78
Inter-Segment Revenue	10.00	-	-	(10.00)	-
Total Revenue	42,613.47	1,08,639.59	31,143.72	(10.00)	1,82,386.78
Segment Result	1,198.69	7,867.39	1,954.48	-	11,020.56

INDEPENDENT AUDITOR’S REPORT

To the Members of JK Files & Engineering Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of JK Files & Engineering Limited (hereinafter referred to as the “Holding Company”) and its subsidiaries (Holding Company and its subsidiaries together referred to as “the Group”)(refer Note 41 to the attached consolidated financial statements), which comprise the consolidated Balance Sheet as at March 31, 2025, and the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, and consolidated total comprehensive income (comprising of profit and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities

under those Standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

4. The Holding Company’s Board of Directors is responsible for the other information. The other information comprises the information included in the Director’s report but does not include the consolidated financial statements and our auditor’s report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

5. The Holding Company’s Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

6. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

7. The respective Board of Directors of the companies included in the Group are responsible for overseeing the financial reporting process of the Group.

Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

8. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

9. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit

evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

10. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

11. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

12. As required by paragraph 3(xxi) of the Companies (Auditor's Report) Order, 2020 ("CARO 2020"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we report that there are no qualifications or adverse remarks included by the respective auditors in their CARO 2020 reports issued in respect of the standalone financial statements of the companies which are included in these Consolidated Financial Statements.

13. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

(a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.

(b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Company so far as it appears from our examination of those books, except for the matters stated in paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 (as amended). ("the Rules"). Further, in respect of the Holding Company and two subsidiaries, in the absence of sufficient appropriate audit evidence, we are unable to verify whether the backup of books of account and other books and papers maintained in electronic mode has been maintained on a daily basis on servers physically located in India during the year.

(c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.

(d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the maintenance of accounts and other matters connected therewith, reference is made to our remarks in paragraph 13(b) above on reporting under Section 143(3)(b) and paragraph 13(h)(vi) below on reporting under Rule 11(g) of the Rules.

(g) With respect to the adequacy of internal financial controls with reference to consolidated financial statements of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.

(h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. The consolidated financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group - Refer Note 34 to the consolidated financial statements.

ii. The Group did not have any long-term contracts including derivative contracts as at March 31, 2025 for which there were any material foreseeable losses.

iii. During the year ended March 31, 2025, there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiaries incorporated in India.

iv.(a) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, as disclosed in Note 43 to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The respective managements of the Holding Company and its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act have represented to us that, to the best of their knowledge and belief, as disclosed in the Note 43 to the financial statements, no funds have been received by the Company or any of such subsidiaries from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company or any of such subsidiaries shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on the audit procedures, that has been considered reasonable and appropriate in the circumstances, performed by us in respect of the Holding Company and subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) contain any material misstatement.

v. The Holding Company and its subsidiaries have not declared or paid any dividend during the year.

vi. Based on our examination, which included test checks, the Company and three of its subsidiaries which are companies incorporated in India whose financial statements have been audited under the Act, have used accounting software for maintaining books of account which has a feature of recording audit trail (edit log) facility and that has operated throughout the year for all relevant transactions recorded in the software except that audit trail was not available for direct database changes and in case of the Company and two other subsidiaries, audit trail was not available for certain type of transactions. Further, during the course of performing our procedures, we did not notice any instance of audit trail feature being tampered with in cases where the audit trail feature was enabled. Further, the audit trail has been preserved as per the statutory requirements for record retention.

14. The Holding Company and its subsidiaries have paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditor’s Report

Referred to in paragraph 13(g) of the Independent Auditor’s Report of even date to the members of JK Files & Engineering Limited on the consolidated financial statements as of and for the year ended March 31, 2025

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under clause (i) of sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2025, we have audited the internal financial controls with reference to financial statements of JK Files & Engineering Limited (hereinafter referred to as “the Holding Company”) and its subsidiaries, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its subsidiaries, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on

Audit of Internal Financial Controls Over Financial Reporting (“the Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note issued by the ICAI and the Standards on Auditing specified under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company’s internal financial controls system with reference to consolidated financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Holding Company and its subsidiaries, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.
